# Reset Values (Registration)

## Registration > Utilities > Reset Values

This utility mass resets data in a student's latest enrollment record according to your selections. Data from a student's previous campus is not reset.

Make sure to back up your database before running this utility.

### Update data:

<b>Parameters For Reset</b>	
<b>Items to Reset</b>	Select the specific item of data to be reset. <b>NOTE:</b> If <i>PK Funding</i> is selected, additional fields are displayed under <b>Parameters For Reset</b> , as described above.
<b>Values to Reset</b>	

**IMPORTANT!** Verify that you have selected data correctly before you proceed.

Click **Reset Values**. The [Reset Values By Student](#) pop-up window opens.

**Clear** Clear your selections on the page.
