Set Student CTE Indicators

Registration > Utilities > Set Student CTE Indicators

This utility assigns CTE code 1 (i.e., *enrolled*) to all students in grade levels 6-12 who are taking at least one CTE course (i.e., the C022 service ID type is VOED). This utility should be run for Fall and Summer PEIMS.

NOTE: Students with CTE code 2 (i.e., participant in a coherent sequence of courses) are *not* reset to 1. This utility does not change codes for these students.

Users must run the Set Student CTE Indicators utility before generating the following reports, extracts or logic that rely on this utility to produce correct CTE Counts:

- SAT0900
- SAT0600
- SAT0900C
- SAT920
- SAT950
- SAT2100
- SGR2500
- PEIMS Attendance Extract

For one-semester courses, the student must have a semester average or currently be enrolled in the course.

For two-semester courses, the student must have an average for the first and second semester, or currently be enrolled in the course and have a first semester average (okay to have a blank second semester average).

For four-semester courses, the student must have an average for the first, second, third, and fourth-semester, or currently be enrolled in the course and have a first, second, and third-semester average (okay to have a blank fourth semester average).
