Unique ID (UID) Import

Registration > Utilities > Texas Unique Student ID Processing > UID Import

This utility allows users to import the file provided by the TEA which contains the list of students and their assigned UIDs.

Import data:

Click **Browse**, then click **Choose File**. Locate and select the file.

To import the list for Charter School Waitlist students, select the **Charter School Waitlist Students** field.

Click **Submit**.

File Name	The selected file name is displayed.
------------------	--------------------------------------

Click **Execute**.

A message is displayed indicating that the import was successful. Click **OK**.

Print	<p>Click to view the import report. If errors are encountered, they are listed. Otherwise the columns are blank.</p> <p>Review the report using the following buttons:</p> <p>Click  to go to the first page of the report. Click  to go back one page. Click  to go forward one page. Click  to go to the last page of the report.</p> <p>The report can be viewed and saved in various file formats.</p> <p>Click  to save and print the report in PDF format. Click  to save and print the report in CSV format. (This option is not available for all reports.) When a report is exported to the CSV format, the report headers may not be included. Click  to close the report window. Some reports may have a Close Report, Exit, or Cancel button instead.</p>
--------------	---

After importing the file, return to the [UID Export tab](#) and run the Missing UID report to ensure that it is blank.
