SCH0550 - List of Students Requesting Alternates

Scheduling > Reports > Scheduling Reports > Pre-Load > SCH0550 - List of Students Requesting Alternates

This report lists students and their first, second, and third alternate course selections. You can view requests for specific courses or all courses.

The report may be useful if a campus needs to delete a course number. Since you cannot delete a course if it has any requests, including alternate course requests, the report lets you see which students have requested the course, and remove those requests, which will allow you to delete the course.

- If you specify an alternate request and no course request, the list will include all courses for which the specified course was chosen as an alternate.
- If you specify a course request and no alternate request, the list will include all courses chosen as alternates for the specified course.
- If you specify both an alternate and a course request, the list will only display data if the specified alternate was chosen as an alternate for the specified course.
- If you do not specify either an alternate or a course request, the list will include all alternates chosen for each course. The alternate requests for each course are listed on separate pages.

Parameter	Description
Campus ID (Blank for All)	Type the three-digit campus ID, or click ⁱ to select the campus. Leave blank to select all campuses in the district.
	NOTE: If you select to create the report for all campuses, any campuses excluded from district reporting (i.e., campuses that have the Exclude from District Reporting field selected on Registration > Maintenance > Campus Profile > Campus Information Maintenance > Control Info) are not included in the report. However, you can generate the report for an individual excluded campus by entering the campus ID.
Alternates Course Nbrs (Blank for All)	Indicate if you want to view a list of students who have requested specific alternate courses. Type the course number(s), including all leading zeros and separating multiple courses with a comma (e.g., 0100,0110). Or, click to select the course(s). Leave blank to select all courses in the district.
Course Request Nbrs (Blank for All)	Indicate the course for which the alternate was selected. Type the course number(s), including all leading zeros and separating multiple courses with a comma (e.g., 0100,0110). Or, click to select the course(s). Leave blank to select all courses in the district.
Include Withdrawn Students (Y, N)	Y - Include withdrawn students. N - Do not include withdrawn students.
