Individualized Education Program (IEP) Goals

Special Education > Maintenance > District > IEP Goals Objectives > IEP Goals

This tab allows the district to create a list of IEP goals.

Every student enrolled in special education must have an Individualized Education Program (IEP) that describes the student's educational goals and objectives. A goal is a subject area in which the student is to be instructed. Each goal is associated with a series of [Performing Objectives](#), and each Performing Objective is associated with a series of [Enabling Objectives](#).

Once IEP goals are created by the district, the campus staff can include any of these goals in a student's IEP.
