Student Objectives

Special Education > Maintenance > Student Sp Ed Data > IEP > Student Objectives

This tab allows you to add objectives to a student's Individualized Education Program (IEP). The objectives are selected from a district list maintained on Maintenance > District > IEP Goals Objectives > Performing Objectives.

The student is expected to achieve the objective in order to accomplish the goal.

- You must select a student before you can access this tab.
- You must select a goal on the Student Goals tab before you can add an objective.
