View data:

Select a student

Evaluation Campus	Enter the Campus ID (up to 9 digits).
Concent to Evaluation Received Date	Type the date, or click to select the date from a calendar.
Eligibility Evaluation Date	Type the date, or click to select the date from a calendar.
In-District Evaluation Delay Days	Displays the number of student absences beginning the first instructional day after the Consent To Evaluation Received Date through the Eligibility Evaluation Date. The system automatically calculates this value using the student's attendance track calendar and attendance records entered on (Attendance > Maintenance > Student > Student Posting > By Individual). **NOTE**: This field is disabled for non-enrolled students.
Reporting Evaluation Delay Days	Displays the calculated evaluation delay days used for reporting. To manually adjust the value, select **Override Reporting Evaluation Delay Days**. **NOTE**: This field is disabled for non-enrolled students.
Override Reporting Evaluation Delay Days	Select to manually enter a value in **Reporting Evaluation Delay Days**. When not selected, the field uses the calculated **In-District Evaluation Delay Days**, if applicable. **NOTE**: This field is disabled for non-enrolled students.

Early Childhood Outcomes - Entry/Exit:

Exit Reason	Select the reason the student is no longer in the program.
