# SEM1000 - Parent Address Labels

## Special Education > Reports > Special Ed > Student > SEM1000 - Parent Address Labels

This report prints current year address labels using the parent or student address, and can print "To The Parent of" preceding the student address. The report can be run for a campus or the district. You must select Y for one of the sort order parameters.

The labels are designed according to the Avery 5162 template, which is 14 labels per page, and each is 1.33" x 4".

An error report may also be produced:

- If a student does not have a guardian or student address available, the message: "No Address Found" prints on the label, and the student is included on the error report.
- If a student does not have a guardian selected on [Registration > Maintenance > Student Enrollment > Contact](#), a label is not printed for the student, and the student is included on the error report.
