Reports

Reports > Assignment Grades Last Updated

Reports > Assignment Grades Last Updated

This page is only available to users who log on to TeacherPortal with a district- or campus-level security administrator user ID.

This report lists the last date and time each teacher saved assignment grades in TeacherPortal, sorted by teacher, course, and section.

NOTE: The **Last Updated** column on the report is shaded red for teachers who have not updated assignment grades during the time frame specified. In order for the red shading to appear on the printed report, you must set your printer settings to enable background printing. For more information, click here.

Reports > Graded Assignment Count

Reports > Graded Assignment Count

This page is only available to users who log on to TeacherPortal with a district- or campus-level security administrator user ID.

This report lists a teacher's number of graded assignments for a specified date range by course or by category. You can also specify a threshold for a specific course or category (e.g., teachers who have fewer than 10 graded assignments in the Homework category). The report can be run for one teacher or for the entire campus.

Graded assignments for self-paced and pass/fail courses are not included.

IMPORTANT: The **Date Assigned** field on Settings > Manage Assignments is critical for running this report. If the field is blank for an assignment, and you are using the **From Date** and **To Date** fields when generating this report, the assignment will not be included. However, if you do not specify a date range, assignments with blank **Date Assigned** fields will be included.

Grade Reporting > Maintenance > Teacher Posting Status

This report produces a report of classes by cycle that indicates if the teacher's cycle grade posting status is Posted, Ready to Post, or Not Ready to Post.

Grade Reporting Reports > Grades > SGR4500 - TeacherPortal Assignment Audit Reports

This report displays assignment and grade data from TeacherPortal, including categories, assignments, assignment grades, cycle and semester averages, and override grades. The report only lists students who have at least one assignment grade. The report is for the current or prior school year only. It is recommended that you generate and retain a copy of this report at the end of each school year.

If you enter values for course number, section number, instructor ID, student ID, or both semester and cycle, the report runs without checking the record count. If either the semester or cycle is blank and the student assignment record count is greater than 350,000 for the selected campus, the program will require a value for semester and/or cycle.
