Current cycle information includes the following:				
<b>Average/(Auto Grade)</b>	<p>The student's working cycle average is displayed, which is based on the data entered up to this point on <a href="#">Grades &gt; Assignment Grades</a>. This value is recalculated as assignment grade data is entered or changed for the student.</p> <p>The average becomes the student's cycle average, unless the cycle grade is pre-posted or an override grade is entered in the <b>Override</b> field (either by the teacher or an administrator).</p> <p>If the grade in this field is an auto grade, the grade is displayed in parentheses in a lighter shade than a working cycle average. The semester grades for self-paced courses are automatically posted when they are saved.	

Once saved, failing grades are highlighted in pink.

### Save and print:

You must save your grades before you exit this page. Otherwise, your changes will be lost.

**IMPORTANT:** Saving grades is different from posting grades. You can only post your grades once at the end of the cycle, as described below; however, you must save any changes every time you visit this page. This allows you to leave this page and return as you enter cycle grade data.

**PIN** Type your four-digit personal identification number (PIN).

Click **Save**.

- If your changes were saved successfully, the page reloads, and a message is displayed indicating that the grades were saved successfully.
- If you enter an invalid grade, the grade is highlighted in red, and an error message is displayed at the top of the page. You must correct the error before you can save any changes.

**Print** Click to print the cycle grades displayed on the page.

## Post cycle grades:

- After you enter cycle grades data for the course, review your input carefully, and save all changes.

Once the data is posted by the campus administrator, you cannot change any data. If you discover an error after grades are posted, you must contact the campus administrator to correct any errors.

- When you are satisfied with your input for one or more of the cycle grades, notify the system that you are ready to post:

<p><b>Select courses to mark grades as Ready to Post</b></p>	<p>Click the link.</p> <p>This link is only displayed for current cycles that are open for posting. The campus determines when the cycle is open and closed for posting.</p> <p>A window opens allowing you to select the course-sections that are ready to post. All eligible courses are listed.</p> <p><input type="checkbox"/> Select the course(s), and then click <b>Select</b>. The window closes, and the selected course(s) are listed below the <b>PIN</b> field.</p> <p><input type="checkbox"/> To change the selected courses, click <b>Cancel</b>. The window opens allowing you to re-select the course(s).</p>
<p><b>PIN</b></p>	<p>Type your four-digit personal identification number (PIN).</p>

- Click **Continue**.

The page reloads, and a message is displayed indicating that the cycle grades were successfully sent to be posted. The message “[READY]” is displayed in the **Course-Section** drop-down list next to the course.

You can submit your grades more than one time if you make a change shortly after mark the grades as ready to post; however, once the data is posted by the campus administrator, you cannot change any data.

After grades are posted and the cycle is closed, you can make changes to the grades and view the working cycle average (e.g., for a student who missed the last few days of a cycle due to illness); however, you cannot post any changes. Instead, print your changes and submit your printout to the campus administrator.

**NOTE:** The campus administrator can run a report to determine which teachers have posted their grades and which teachers have not.
