Teacher Guide to ASCENDER TeacherPortal

Long-Term Substitute Teachers

Long-term substitute teachers can be granted access to use txGradebook on behalf of an instructor who is out for an extended period of time. When the substitute teacher logs in to txGradebook, he can select the instructor for whom he is substitute teaching. Then, the substitute teacher can proceed to use txGradebook as the instructor.

Prerequisites.

Before a long-term substitute teacher can access TeacherPortal, a substitute teacher record must already exist for him in TeacherPortal. These steps are covered in the TeacherPortal Administrator guide.

[Create an ASCENDER TeacherPortal account.](#)

A long-term substitute teacher must create a TeacherPortal account in order to log on to TeacherPortal. Substitute teachers will log on to TeacherPortal with their own accounts, rather than with the teacher's account.

From the Login page, click **Create Account**. The User Information page is displayed.

To exit without saving any changes, click **Return to Login**.

[Log on to TeacherPortal.](#)

Substitute teachers must log on using their own credentials.

If you are continuing from the previous step and are already logged on, you can skip this step.

If you are not already logged on, you must log on to TeacherPortal using the user name and password created in the previous step. Once you are logged on, you can access the pages for the remaining steps.

User Name	Type your user name. Your user name is not case-sensitive.
Password	Type your password. The typed text is hidden. Your password is case sensitive.

Click **Login**.

The Announcements page is displayed.

For security purposes, your password will expire periodically. If your password is expired, you are redirected to the [Password Expired](#) page before the Announcements page is displayed. Follow the instructions provided in the online Help for the Password Expired page.

Specify the Teacher.

When you log in to TeacherPortal, the Announcements page is the first page displayed. From here, you must specify the teacher you are substitute teaching for. You must select the teacher each time you log in.

The screenshot shows the TeacherPortal interface. At the top, there is a dropdown menu labeled "Substitute For" containing the text "(204) BRATTON,BERTHA". To the right of the dropdown is a blue button labeled "Teacher" with a red arrow pointing to it. Below the dropdown, a message says "To select another teacher, log out first." The main content area is titled "ISD Announcements" and features a large red banner with the text "Bestview ISD". Below the banner, the title "001 School Announcements" is displayed. A note for teachers is present, stating: "Teachers, Start of school year: All Teachers, new and returning, must create his or her account as a new user each year."

In the **Substitute For** field, select the teacher you are substitute teaching for.

- Only teachers you are assigned to teach for are listed.
- The beginning and ending dates also determine which teachers are listed.

If the beginning date is in the future, the teacher is not listed until the current date is within the range of dates specified. Once the current date is past the substitute's ending date, the teacher is no longer listed.

- Click **Teacher**.

A message is displayed indicating that you are now substitute teaching for the selected teacher. The teacher's three-digit control number is also provided.

NOTE: Once you have selected a teacher, the Update Profile page is no longer available. See the Update Profile Settings section below for information about how to update your profile settings.

- To select another teacher, you must log out, and log in again.

[Use TeacherPortal as the teacher.](#)

When logged in as a long-term substitute teacher, you can maintain and print most data that the teacher would be able to access, including attendance, assignments, grades, discipline, and reports.

For assistance with these pages, view the online Help for each page.

As you update and post data in the database tables, be aware that the teacher's name will be associated with some actions, and the substitute teacher's name will be associated with other actions.

- If you mark grades as ready to post, the teacher's name is reflected.
- If you post attendance, the teacher's name is reflected.
- If you enter a discipline referral, the substitute's name is reflected.

[Update Profile Settings as Needed](#)

[Generate seating chart report.](#)

[Reports > Seating Charts](#)

This report prints a teacher's seating charts for all periods or one period. For each period, the seating chart is displayed followed by a list of students who are not assigned to seats. The seating chart lists the student name, gender, and ID.

If printed for all periods, each period prints on a separate page.

NOTE: If that field has been changed, and the seating charts have not been re-saved on [Settings > Manage Charts](#) since the setting was changed, a warning message is displayed when the report is generated indicating that the reports will not be accurate until the Manage Seating Charts page has been re-saved. You must review the seating chart for each period on the Manage Seating Charts page, make any necessary changes, and then re-save each chart.

Specify report options:

Semester	The current semester is displayed. You can select a different semester.					
Period	Select the period-course(s) to print the seating chart for, or select ALL CLASSES to print seating charts for all periods. If Combine Courses in Attendance is selected on your Settings > Update Profile page, the courses are combined by period.
