## TeacherPortal Admin > Admin - Student Grades

This page is the first step in viewing the [Admin - Student Grades](#) page. You must select a specific student at a specific campus before viewing the Admin - Student Grades page.

Although this page is for administrative users, the page can be used to run the Admin Student Grades report for a student group by any user who has existing groups. If you are running the group report, the page title is Admin Student Grades - Find Student From Group. Also, the **Student Groups** field is displayed instead of the student search options.

Enrolled students who match the criteria entered are listed, including student ID, name, campus, grade level, and enrollment date for each campus. Students are sorted by last name, first name,
