[The columns can be re-sorted.](#)

The columns can be sorted according to your preferences.

- An up arrow ▲ indicates the column and order by which the table is currently sorted.
- If a column can be sorted, a sort box ▼ is displayed in the column heading.
- To resort the list by another column heading, click ▼ in the column heading. The column is sorted in ascending order, as indicated by ▲ in the column heading.
- To sort the column in descending order, click ▲ again. The sort arrow changes direction ▼.

If you sort by the last name column, the table sorts by last name, then first name. If you sort by the first name column, the table sorts by first name, then last name.

**NOTE:** Sorting the columns overrides the custom sort order established on the Arrange Student Order page. However, if you leave this page and return, the students are displayed in your custom sort order. (This does not apply on the Post/View Attendance page.)

<b>Student ID</b>	The student's ID is displayed. Click the student ID to view the <a href="#">student's profile</a> .
	The Star of Life icon is displayed for any student who has medical circumstances you should be aware of. To view details, click the student ID to view the <a href="#">student's profile (Medical Alerts section)</a> .
<b>Category</b>	<p>The category for the assignment is displayed first in the column heading row, above the assignment name.</p> <p>The assignments are color-coded according to the category. If a color is assigned to the category on <a href="#">Settings &gt; Administer Categories</a>, the column displays the selected color.</p>
<b>Assignment Name</b>	The assignment name is displayed in the column heading below the category name.
