updateprofile-default-due-date i

Indicate if you want a default date to be displayed in the **Date Due** field on [Settings > Manage Assignments](#).

You can select no default date, the current date, or up to five days in the future.

The image shows a user interface element titled "Default Due Date". It features a dropdown menu with a light blue background. The menu is currently open, displaying a list of options. The top option is "Current Date", which is highlighted with a blue background. Below it are the following options: "None", "Current Date +1", "Current Date +2", "Current Date +3", "Current Date +4", and "Current Date +5". The dropdown menu is enclosed in a light blue border.

Example: If you selected *Current Date +2*, and the current date is May 20, the **Date Due** field on [Settings > Manage Assignments](#) will display May 22 by default. If May 22 occurs on the weekend, the **Date Due** field will display the date of the following Monday.
