Welcome to TeacherPortal!

To access TeacherPortal, you must log on. If you are a new user and do not have a user name, you must create a user name.

Returning teachers must re-register each year before logging on, as all TeacherPortal non-administrative user accounts are deleted at the end of each school year. Administrative user accounts are retained.

WARNING: If you have three unsuccessful attempts to log on (invalid user name/password combinations), the system locks out your account. If your account is locked out, please contact your campus administrator to have your account reset.

If the district has disabled TeacherPortal, the message "TeacherPortal is Unavailable" is displayed.

The screenshot shows the TeacherPortal login interface. At the top left is the 'ASCENDER TEACHERPORTAL' logo. In the top right corner, there is a 'Help' link and social media icons for Facebook, Twitter, and LinkedIn. The main login area has two tabs: 'Login' (selected) and 'Create Account'. Below the tabs are input fields for 'User Name' and 'Password', each with a small icon to its left. A red 'Login' button is positioned below the password field. To the left of the button are links for 'Forgot Password?' and 'Forgot User Name?'. The background features a large, semi-transparent Ascender logo with the tagline 'ELEVATING TECHNOLOGY SOLUTIONS' and the website 'ascendertx.com'. At the bottom left, a small disclaimer states: 'Only authorized personnel are allowed to use the system for authorized purposes. By logging on, you acknowledge that you are an authorized user. © 2020 Texas Computer Cooperative'. At the bottom right, there is a 'TCC Accessibility Statement' link and 'Supported Browsers' icons.

Log in:

| | |
|------------------|--|
| User Name | Type your user name. Your user name is not case-sensitive. |
| Password | Type your password. The typed text is hidden. Your password is case sensitive. |

☐ Click **Login**.

The Announcements page is displayed.

For security purposes, your password will expire periodically. If your password is expired, you are redirected to the [Password Expired](#) page before the Announcements page is displayed. Follow the instructions provided in the online Help for the Password Expired page.
