Percent Failing Report

Reports > Percent Failing

This report provides the percentage of a teacher's students who have a failing working cycle average for each class, as well as a total for all of the teacher's classes. The data can be displayed in a pie chart or grid format. Non-graded courses are not included.

Administrative users have the option to view the data for all teachers across the campus.

NOTE: Background colors may not automatically print, depending on your browser settings. For more information, click here.

Generate the report:

❑ Specify report options:

Semester	The current semester is displayed. You can select a different semester.
Cycle	

Viewing Options	**Include Withdrawn Students**	Withdrawn students are not automatically included. Select the field to include withdrawn students in the report.
	View Chart	Select to view the data in a pie chart as well as the grid format. If not selected, only the grid is displayed. The pie chart outer circle displays the data for all of the teacher's classes. If any of the teacher's students have failing averages, the pie chart inner circle displays a breakdown of failing students by class.
Admin Options	These fields are only displayed if you are logged on as an administrative user.	
	Across Campus	Select to view data for all teachers across the campus. Otherwise, grades are only displayed for the impersonated teacher’s courses.
		Force page break between instructors — This field is enabled when **Across Campus** is selected. Select to include a page break between teachers.

❑ Click **Generate**.

- The report opens in a new window, and you can print the report from that window.
- The report selection page remains open on your desktop.
