This report lists student working cycle averages for all of their courses. Courses in which the student has failing grades are shaded pink.

- If a posted grade exists for the semester and cycle, the posted grade is displayed.
- If an override grade exists, the override grade is displayed.

The report is available to users who log on to TeacherPortal with a district- or campus-level administrative ID, teachers who have access to run the student groups report, or teachers who have UIL access. However, the report can also be run for a student group by any user who has existing groups.
