Create user-created report

Log on to the next year payroll frequency.

[Payroll > Reports > User Created Reports](#)

It is recommended to create a user-created report to identify employee contract begin dates.

- Select **Active Employees Only** to only include active employee records on the report.
- Under **Employee Demographic**, select **Employee Nbr**, **First Name**, and **Last Name**.
- Under **Job Information**, select **Contract Begin Dt**.
- Click **Create Report** to generate the report.

After you create the report, you can sort by the **Contract Begin Dt**.
