- Under **Options**, select the applicable options:
 - Select **Include Employees with Termination Date**
 - Only select **Carry over employee deductions** if you updated new year deductions in next year payroll.
- Click **Execute**. A message is displayed prompting you to create a backup. A backup is recommended.

Note: If you need to import the backup file, use the current year [Payroll > Utilities > Import HR Tables From Database Tables](#) page. This functionality is not available in next year Payroll.
