ASCENDER - August TRS Reporting Process 1

ASCENDER - August TRS Reporting Process

Created: 07/2020

Reviewed: N/A

Revised: N/A

This guide provides information about the August TRS reporting.

This guide assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Access the [RE Portal Resources](#) page for additional reporting information and complete file record layouts.

1. [Process all August payrolls](#)

Process all August payrolls

[Payroll](#) > [Payroll Processing](#) > [Interface Processing](#) > [Interface to Finance](#)

After all August payrolls are processed, interface the payrolls to Finance.

Before continuing with this process, verify that all service records have been extracted.

2. [Extract August RP records and interface to Finance](#)

Extract August RP records and interface to Finance

[Payroll](#) > [Payroll Processing](#) > [TRS Processing](#) > [Extract](#)

Extract August Regular Payroll (RP) records. Process the RP extract with Child Nutrition amounts (if applicable) and interface to Finance. This allows you to process and interface the TRS On-Behalf journal and continue with end-of-year processing in Finance.

IMPORTANT:

- Save all extract reports in a folder (e.g., Preliminary Aug TRS Reports) as they will be used at a later time in the verification process.
- **Do not** make any manual corrections to employee RP20 records. Extracting RP20 records again later in this document will override any manual changes.

Select **Regular Payroll (RP20) Extract** to extract regular payroll data.

Maximum Days Worked	Type the actual number of days worked in the reporting period month.
----------------------------	--

<p>Maximum Hours Worked</p>	<p>Type the actual number of hours worked in the reporting period month.</p> <p>The below approach allows each work day to be assigned independently of the pay dates that may contain the work day. Also, it manages the days worked if an employee has multiple jobs with different calendar codes but the same TRS position. And, the TRS adjustment days for leave docks (each TRS position code will have an entry for every dock day in the TRS adjustment days table) can easily be applied per TRS position.</p> <p>Notes:</p> <p>Maximum hours worked and maximum days worked should be entered allowing a warning message to be issued to identify employees with totals for the respective amounts (totals of all TRS positions codes) that may exceed the entered threshold values.</p> <p>Actual days worked are accumulated from the calendar codes in the job history records for each pay date. A list of work dates is created for each TRS position code for every employee. A work date is included if the employee was paid during a pay date that is considered for the extract. Included dates are based on the following:</p> <p>The employee’s job history contract begin/end dates (if either is within the current reporting month/year.)</p> <p>The date is marked as a work day in the calendar code. The calendar code to be used is determined as follows: If the job still exists in the employee’s job master then the job master calendar code is used, if the job does not exist in the employee’s job master, then the job history calendar code is used. If the calendar code is blank, then the TR calendar code is used.</p> <p>The dates to be considered from each calendar are based on the selected reporting period.</p>
<p>Default Zero Days Reason</p>	<p>Click  to select one of the following reasons:</p> <p><i>A - Accrued Pay/Not Terminated</i> <i>C - Employee on less than 12 month pay schedule/Not Terminated</i> <i>F - Final Pay/Terminated</i> <i>L - Leave Without Pay</i></p>

Child Nutrition Information

Child Nutrition (i.e. school breakfast and lunch) is a Special Revenue fund as LEAs are reimbursed based on the number of qualifying meals. Each LEA has the option to decide how the monthly child nutrition contributions submitted under the TRS Grant Deposit and TRS Grant Care are determined, either by actual salaries or on the TRS Child Nutrition Calculation Worksheet (two options).

If the LEA bases the amounts on actual salaries, a **TRS Grant Code** should be entered for that fund (usually 240) on the [Personnel > Tables > Salaries > Fund to Grant](#) table. However, if the LEA uses one of the two methods on the TRS Child Nutrition Calculation Worksheet, then an expenditure **Account** and **Previous** or **Current Month Salary** amount should be entered on the RP extract. The system will proportionately distribute the

entered salary amount for the employees paid out of the same fund as entered in the expenditure **Account** field.

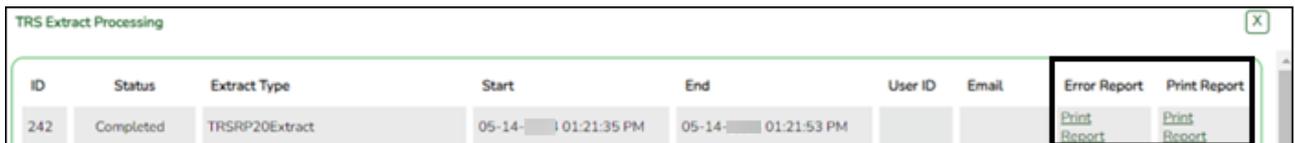

If applicable to your LEA, under **Child Nutrition**, click **+ Add** to add a row and enter data in the following fields:

Grant Code	Type the designated TRS grant code.
Account Code	Type the designated child nutrition expenditure account code. All expense account codes must have the same fund/fiscal year.
Description	Type a description for the entry.
Current Month Salary	Type the current month gross salary amount. The entered salary amount is proportionately distributed for the employees paid out of the same fund as entered as the expenditure account.
Previous Month Salary	<p>Type the prior month gross salary amount. If an amount is entered, the child nutrition salary is calculated based on the specified fund and all employees who were paid in the prior TRS reporting month and year using the child nutrition fund(s) (e.g., 240). If the current TRS reporting month is 09, the prior year TRS Rates table is used.</p> <p>If an amount is not entered, no processing is completed for the prior month pay dates.</p> <p>RP25 records are automatically updated/inserted for the current reporting month but adjusting the previous reporting month for child nutrition amounts. (e.g., If you are extracting data for April, the current reporting month is April and the adjusting reporting month is March.) If an RP25 record already exists, the TRS grant gross, grant deposit, and grant care amounts are updated.</p> <p>Journal entries are created in Finance for the prior month child nutrition TRS grant deposit and care amounts.</p>

Click **Execute** to process the selected extract(s).

Click **Extract Status** to view the details (extract and error reports, status, user details, etc.) for each processed extract.

The TRS Extract Processing pop-up window opens with the extract **Status**, **Extract Type**, **Start** date and time, **End** date and time, **User ID**, and user **Email** address. If the logged-on user has an email address on the Personnel > Maintenance > Staff Demo > Demographic Information tab, an email message is forwarded for each extract after completion.

Under **Error Report**, click **Print Report** to display the selected extract reports. [Review the report.](#)

Under **Print Report**, click **Print Report** to display the selected extract reports. [Review the report.](#)

[Payroll > Payroll Processing > TRS Processing > Interface](#)

When you access the page, you may need to click **Refresh** to populate the journal voucher.

Select the transaction and enter the **Posting Date**.

Click **Interface**. The General Journal Transactions and Fund Transfer preview reports are displayed. [Review the report](#).

Click **Process**. If the selected transactions are successfully interfaced to Finance, a process successful message is displayed, the report window is closed, and the selected row (transaction) is deleted from the grid.

3. **Do not** report or submit any records to TRS at this time.

4. [Create user-created report](#)

Create user-created report

Log on to the next year pay frequency.

[Payroll > Reports > User Created Reports](#)

It is recommended to create a user-created report to identify employee contract begin dates in late July or August and their corresponding calendar codes. This report will be used in a later step to copy 10-month employees starting in those months (who won't receive their first paycheck until September) to the current year. Employees starting in September should not be included in this copy process.

- Select **Active Employees Only** to only include active employee records on the report.
- Under **Employee Demographic**, select **Employee Nbr**, **First Name**, and **Last Name**.
- Under **Job Information**, select **Contract Begin Dt**.
- Click **Create Report** to generate the report.

After you create the report, use the Sort/Filter options to sort by the **Contract Begin Dt**.

5. Copy calendars from NYR to CYR

Copy applicable calendars from NYR to CYR

[Payroll > Next Year > Copy Next Year Tables](#)

Use the user-created report from Step 4 to identify 10-month employees with contract begin

dates in late July or August and their corresponding calendar codes. Keep in mind, these are the employees who receive their first pay check in September. In this step, you will **only** copy their calendar codes to the current year.

CAUTION: Do not copy the TR calendar or any calendar that begins in September.

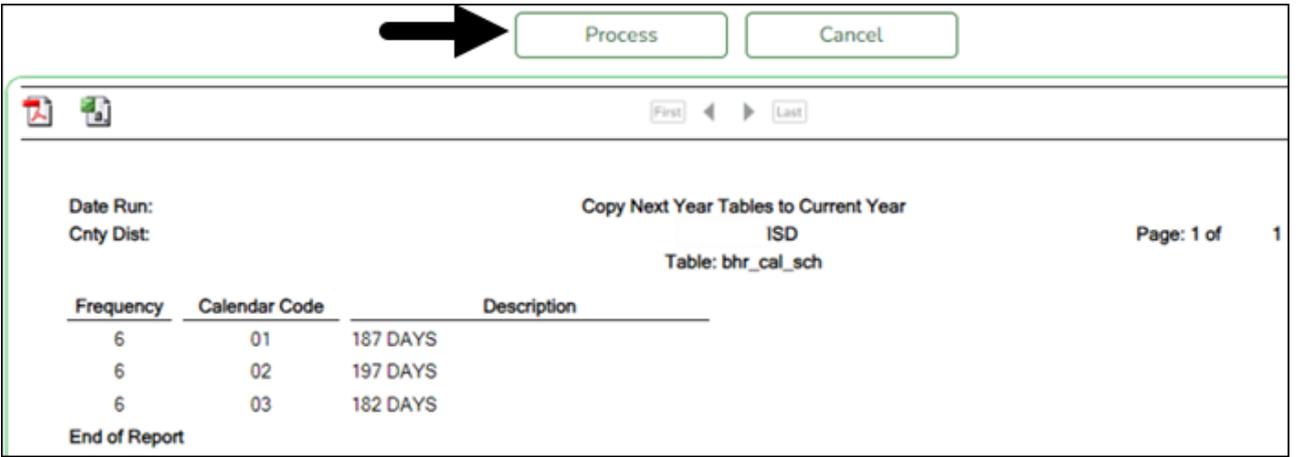

Note: If changes were made to the next year payroll tables (extra duty pay, hourly/daily salary, job code, local annual salary, etc.), copy the tables from the next year payroll to the current year payroll.

The screenshot shows the 'COPY NEXT YEAR TABLES' interface. The 'School Calendar' field is selected, and a 'School Calendars' dialog box is open. The dialog box contains a search field and a table of calendar codes and descriptions. The 'TR' calendar is highlighted with a red box.

Calendar Code	Description
<input checked="" type="checkbox"/>	01 187 DAYS
<input checked="" type="checkbox"/>	02 197 DAYS
<input checked="" type="checkbox"/>	03 182 DAYS
<input type="checkbox"/>	05 202 DAYS
<input type="checkbox"/>	07 245 DAYS
<input type="checkbox"/>	08 226 DAYS
<input type="checkbox"/>	26 AVAILABLE
<input type="checkbox"/>	33 AVAILABLE
<input type="checkbox"/>	39 AVAILABLE
<input type="checkbox"/>	TR TRS CALENDAR

In the **School Calendar** field, select the calendar codes to be copied.

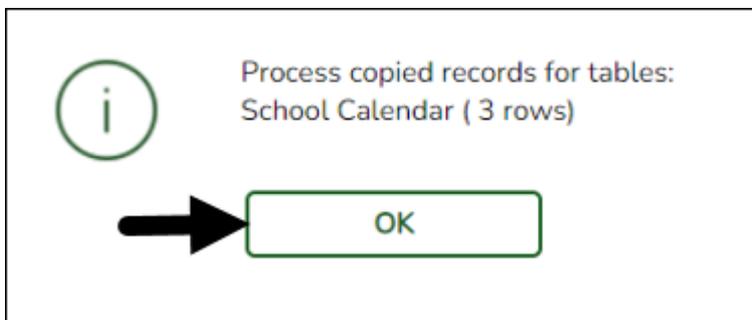

Click **Execute**. Only the selected tables are processed. As the reports are generated, click **Process** for each table. [Review the reports.](#)

Frequency	Calendar Code	Description
6	01	187 DAYS
6	02	197 DAYS
6	03	182 DAYS

End of Report

A message is displayed with the table names and the number of rows that were copied. Click **OK**.

Review the process report to verify that all applicable calendars, extra duty pay, and job codes were copied to the current year payroll frequency. **It is recommended** that you log on to **Personnel > Tables > Workday Calendars** to verify this information. If the calendars were not copied over correctly, you may have to individually copy the calendars.

Note: When copying the school calendar table from next year to the current year, the calendar code, description, and days are copied. If a calendar code exists in the next year and current year, the next year data replaces the entire calendar contents for the current year for the specified calendar code.

6. [Copy employees with August contract begin dates from NYR to CYR](#)

Copy employees with August contract begin dates from NYR to CYR

Log on to the next year pay frequency.

[Payroll > Next Year > Copy NYR Staff to CYR](#)

CAUTION: Only copy employees whose contracts begin in August but will not receive first pay of new school year until September.

Next Year > Copy NYR Staff to CYR Payroll

 Carry over employee deductions
 Only process employee deductions Preview changes

Under **Parameters:**

- Select **Active** to include employees with an active pay status.
- In the **Contract Begin Date**, select the pay date. You may need to complete this process several times if you have employees with various August contract begin dates.
- Under **Options**, select the applicable options:
 - Select **Include Employees with Termination Date**
 - Only select **Carry over employee deductions** if you updated new year deductions in next year payroll.
- Click **Execute**. A message is displayed prompting you to create a backup. A backup is recommended.

Note: If you need to import the backup file, use the current year [Payroll > Utilities > Import HR Tables From Database Tables](#) page. This functionality is not available in next year Payroll.

[Review the report.](#)

- Click **Process** to accept the changes and continue. A message is displayed indicating that the process was completed successfully. In addition, a list of the database record tables that were copied is displayed. Click **OK**.

Verify and save the reports before processing.

7. Extract August TRS records

Extract August TRS records

Log on to the current year pay frequency.

[Payroll](#) > [Payroll Processing](#) > [TRS Processing](#) > [Extract](#)

Extract records again but **do not** interface to Finance as the interface was completed in Step 2.

Delete	Grant Code	Account	Description	Current Month Salary	Previous Month Salary
<input type="checkbox"/>	36	240-35-6146.00-938-99000	AUGUST CHILD NUTRITION	30,000.00	0.00

- In the **TRS Month** field, select 8 (August).
- In the **TRS Year** field, select the applicable TRS reporting year.
- Select **Employee Demographic (ED20) Extract** to extract employee demographic data.
- Select **Contract and Position (ED40) Extract** to extract contract and position data.
 - In the **From Contract Begin Date** field, type the first date in August (e.g., 08/01/20XX).
 - In the **To Contract Begin Date** field, type the last date in August (e.g., 08/31/20XX).
- Select **Regular Payroll (RP20) Extract** to extract your August payroll data.
- Select **Employment of Retirement (ER20) Extract** to extract retiree data.
- Select **Adjustment Days** (if applicable) to extract adjustment day data.
- Click **Execute** to process the selected extract.

8. Maintenance ED records

Maintenance ED records

[Payroll > Utilities > TRS Maintenance > Employee Data \(ED\) > ED20 \(Demo\) & ED40 \(Contr and Pos\)](#)

Perform ED Maintenance. Use the [Payroll > Reports > TRS Reports > HRS8900 - Employee Data \(ED\)](#) to verify the ED20 and ED40 information that was extracted. You may need to add/edit or delete ED records.

TIP: If ED90 records are added during this step, **it is recommended** that you submit those records after your August RP has reached completed status, which is included in Step 15 of this document.

Utilities > TRS Maintenance > Employee Data (ED)

ASCENDER - August TRS Reporting Process

10. [Create ED submission file](#)

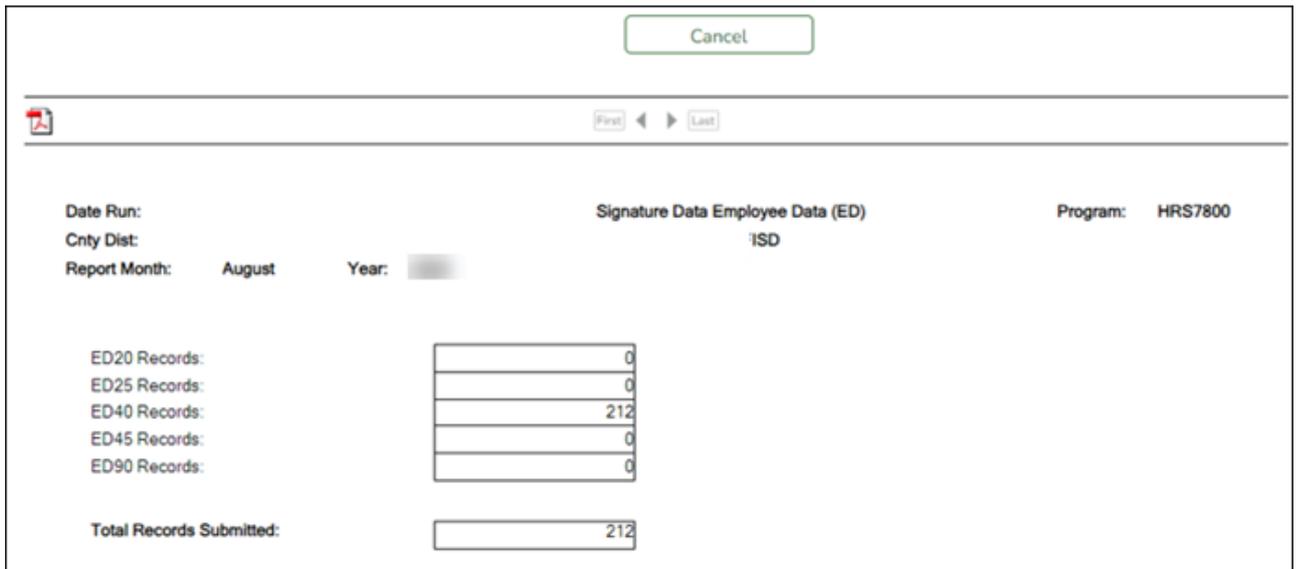

Create ED submission file

[Payroll](#) > [Payroll Processing](#) > [TRS Processing](#) > [Create Files](#)

Create the ED Submission file and upload it to TRS. Be sure to wait until the upload is completed successfully.

- In the **TRS Month** field, select 8 (August).
- In the **TRS Year** field, select the applicable TRS reporting year.
- Select **Create ED File**.
- Click **Execute**. The Signature Data reports are displayed for each selected file type. The summary contains the total number of records submitted for the reporting month and year. In addition, the submission files (.txt) for the RE Portal are created for each selected file type.

11. [Perform employee maintenance](#)

Maintenance RP records

[Payroll > Utilities > TRS Maintenance > Regular Payroll \(RP\) > RP20 \(Payroll\)](#)

While you are waiting for the ED file to be successfully uploaded, verify employee data and if necessary, perform employee data maintenance.

You may need to manually add all new hires for August to the RP20 record.

The screenshot shows the 'Utilities > TRS Maintenance > Regular Payroll (RP)' interface. At the top, there is a 'Save' button and a search area with 'TRS Month: 08' and 'TRS Year:' fields, along with 'Retrieve' and 'Directory' buttons. Below this, there are tabs for 'RP20 (PAYROLL)' and 'RP25 (PAYROLL ADJ)'. The main area displays a table of employee records with columns: Delete, Select, Emp Nbr, Staff ID/SSN, DOB, Gender, Last Name, First Name, Middle Name, Generation, TRS Position Code, Actual Hours Worked, and Hours Scheduled. The table contains 15 rows of data. Below the table, there are navigation buttons: 'First', '2 / 19', and 'Last', along with an '+ Add' button. Below the table, there is a detailed view for employee 000265, showing 'Job Info' (TRS Position Code: 02 - Teacher, librarian; Actual Hours Worked: 0; Hours Scheduled: 39; Days Worked: 13; Zero Days Reason: dropdown), 'Monthly Amount' (TRS Gross: 5,783.37; TRS Grant Gross: 0.00; Emplr TRS Care Contrib: 43.38; Perfor Pay Gross: 0.00; TRS Care: 37.59; TRS Grant Deposit: 0.00; Emplr New Member Contrib: 0.00; Adj State Min: 4,204.75; TRS Sal Reduction: 477.13; TRS Grant Care: 0.00; Emplr TRS Non-OASDI Contrib: 79.89; Stat Min Contrib: 130.24; Total Gross Pay: 5,783.37), and 'Service Credit' (Service Credit Purchase Deduction Amount: 0.00; Service Credit Tax Shelter Flag: dropdown).

To add another row, click **+Add**. A new row is added with the cursor in the **Emp Nbr** field.

In the **Emp Nbr** field of the free-form area, type or select an employee number, and then press TAB. Data associated with the employee number is displayed.

Complete the **Hours Scheduled** and **Days Worked** fields for the employee.

Click **Save**.

Additionally, you can sort the data on this page by the **Days Worked**. This allows you to determine that a **Zero Days Reason** is indicated for all employees who actually have zero days worked in August.

If the employee actually worked in August, adjust the **Hours Scheduled** and **Days Worked** fields accordingly.

12. [Create RP submission file](#)

Create RP submission file

[Payroll](#) > [Payroll Processing](#) > [TRS Processing](#) > [Create Files](#)

After the ED submission file is in a Completed status, create the RP submission file and upload it to TRS.

The screenshot shows the 'Create Files' interface. At the top, there is a 'Save' button. Below it, 'TRS Month' is set to 8 and 'TRS Year' is a dropdown menu. The interface has several tabs: 'ADJUSTMENT DAYS', 'PAYROLL HISTORY', 'EXTRACT', 'MAINTENANCE', 'CREATE FILES' (which is underlined and has a green bar), 'INTERFACE', and 'PURGE'. Under the 'CREATE FILES' tab, there are two main sections. The first is 'Create ED File' with an unchecked checkbox. Below it are two input fields: 'Select ED type(s), or blank for ALL:' and 'Select Employee(s), or blank for ALL:'. The second section is 'Create RP File' with a checked checkbox. Below it are two input fields: 'Select RP type(s), or blank for ALL:' and 'Select Employee(s), or blank for ALL:'. To the right of these sections is a large black arrow pointing down to a button labeled 'Execute'.

- In the **TRS Month** field, select 8 (August).
- In the **TRS Year** field, select the applicable TRS reporting year.
- Select **Create RP File**.
- Click **Execute**. The Signature Data reports are displayed for each selected file type. The summary contains the total number of records submitted for the reporting month and year. In addition, the submission files (.txt) for the RE Portal are created for each selected file type.

RE TRS-Care Penalty Interest Amount Due	\$0.00	2155.09
Penalty Fee Amount Due	\$0.00	

14. [Record TRS TEAM payment](#)

Record TRS payment

After making the TRS payment through TEXNET, use one of the following options to record the actual TRS reporting payment amount and ensure that the transaction is recorded in the correct accounting period.

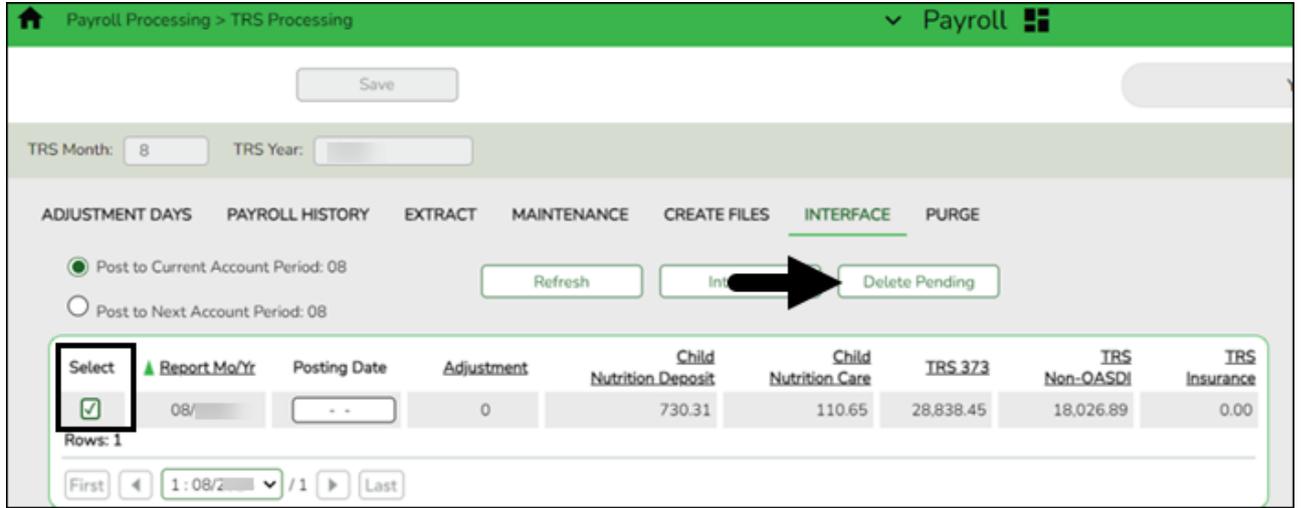

- Payroll > Utilities > Transfer Transaction Processing
- Finance > Maintenance > Postings > Check Processing - PA - as a district written check
- Finance > Maintenance > Postings > Journal Actual - as a journal entry

15. [Delete pending TRS interface for August](#)

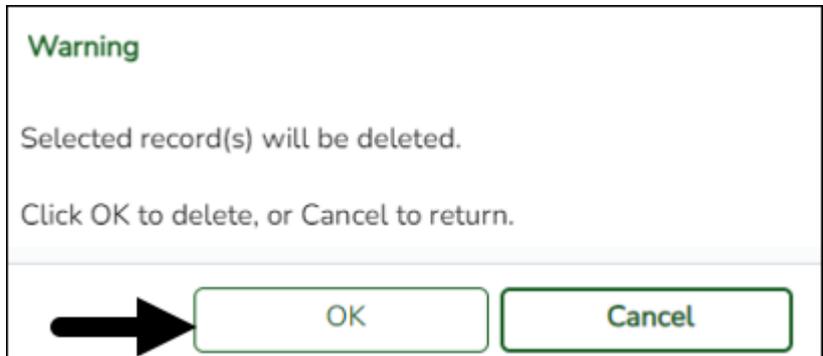

Delete pending TRS interface for August

[Payroll > Payroll Processing > TRS Processing > Interface](#)

Reminder: This interface was performed in step 2.

- Select the transaction.
- Click **Delete Pending**. A warning message is displayed prompting you to continue or cancel.
- Click **OK** to delete the selected transaction. A delete successful message is displayed.

16. [Enter ED90 records/create submission file](#)

Enter ED90 records/create submission file

[Payroll > Utilities > TRS Maintenance > Employee Data \(ED\) > ED90 \(Term\)](#)

After all reports are completed, enter the ED90 Termination records for August.

Utilities > TRS Maintenance > Employee Data (ED) Payroll

Save

 Select ER type(s), or blank for ALL:
 Select Employee(s), or blank for ALL:

Execute

- In the **TRS Month** field, select 8 (August).
- In the **TRS Year** field, select the applicable TRS reporting year.
- Under **Create ED File**, in the **Select ED type(s), or blank for ALL** field, click to open the Employee Demographic (ED) pop-up window.
 - Select **ED90 Termination**.
 - Click **Select** to close the pop-up window and populate the field with the selection.
- Click **Execute**. The Signature Data reports are displayed for each selected file type. The summary contains the total number of records submitted for the reporting month and year. In addition, the submission files (.txt) for the RE Portal are created for each selected file type.

17. [Create ER submission file](#)

Create ER submission file

[Payroll](#) > [Payroll Processing](#) > [TRS Processing](#) > [Create Files](#)

In September, create the ER file and upload it to TRS to submit retiree information.

The screenshot shows the 'Create Files' interface. At the top, there is a 'Save' button. Below it, 'TRS Month' is set to 8 and 'TRS Year' is set to 2026. The 'CREATE FILES' tab is selected. There are three sections for creating files: 'Create ED File', 'Create RP File', and 'Create ER File'. Each section has a checkbox and two input fields for 'Select type(s)' and 'Select Employee(s)'. The 'Create ER File' section is highlighted with a red box. An 'Execute' button is on the right, with a downward arrow pointing to it.

- In the **TRS Month** field, select 8 (August).
- In the **TRS Year** field, select the applicable TRS reporting year.
- Select **Create ER File**.
- Click **Execute**. The Signature Data reports are displayed for each selected file type. The summary contains the total number of records submitted for the reporting month and year. In addition, the submission files (.txt) for the RE Portal are created for each selected file type.

18. [Verify TRS On-Behalf is posted](#)

Verify TRS On-Behalf is posted

[Finance](#) > [Inquiry](#) > [General Ledger Inquiry](#) > [General Ledger Inquiry](#)

Run an inquiry for account codes 5831 (revenues) and 6144 (expenditures) to verify that On-Behalf has been posted for all 12 months.
