DRAFT - IN PROGRESS

Grants and Projects: SSA Fiscal Agent Management Setup

The Shared Service Arrangement (SSA) Fiscal Agent Management feature provides fiscal agents a more efficient way to handle grant budget revision requests and reimbursement requests from SSA members as well as manage budget adjustments. Education Service Centers (ESCs) and Local Education Agencies (LEAs) can both serve as designated fiscal agents.

This guide covers the necessary steps to assist SSA fiscal agents in administering member LEA grant funds. As member LEAs submit requests via the new MemberPortal, fiscal agents will have the ability to promptly move the requests through a customized approval path to ensure timely budget revisions and reimbursements.

If the [Document Attachments](#) feature exists on a page/pop-up window, depending on your access, you may have the ability to upload or view supporting documentation by clicking the **Documents** button or the paper icon.

This guide assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Prerequisites

☐ Update roles/users in Security Administration to allow SSA Fiscal Agent Management permissions. You can add permissions to an existing role or create a new role.

Terms:

Shared Service Arrangement (SSA)	A financial arrangement used by Local Education Agencies (LEAs) and Education Service Centers (ESCs) to share and manage services for other LEAs referred to as members.
SSA Fiscal Agent	A fiscal agent is an organization that manages the accounting and financial reporting responsibility for grant funds on behalf of another organization. Education Service Centers (ESCs) and Local Education Agencies (LEAs) can both serve as designated fiscal agents.
SSA Member	An SSA member enters into a Shared Service Arrangement with a fiscal agent and is the LEA for which the fiscal agent manages services. The member designates a fiscal agent to conduct administrative duties for any grant funds issued to their LEA.
Grant	A grant is funds that are given to an LEA by an entity such as a public body, charitable foundation, or specialized grant institution to provide a specific level of support for a specified period of time.
Budget Adjustment	A budget adjustment is used to add or subtract an amount from an object's total award.
Budget Revision	A budget revision is used to move amounts between object classes within the total award.

Reimbursement	A reimbursement is used to create a transaction to reimburse a member LEA's vendor using an amount that is equal to or less than the amount available in a grant's eligible remaining amount.
ASCENDER MemberPortal	An integrated portal that allows SSA member LEAs to submit grant budget revision and reimbursement requests to their respective fiscal agents.

Upload Signatures in District Administration

1. Upload signatures for payments.

Upload signatures for payment

[District Administration > Tables > Electronic Signatures](#)

Upload electronic signatures to be used for grant check payments.

The screenshot shows the 'Tables > Electronic Signatures' page. It features a 'Save' button at the top left. Below it are input fields for 'Signature Name', 'Password', and 'File Name', each followed by a 'Browse' button. Under the 'File Name' field are checkboxes for AR, FIN, GP, HR, PUR, and WHSE. At the bottom is a table with the following columns: Delete, Signature Name, File Name, AR, FIN, GP, HR, PUR, and WHSE. The GP column has a circled checkmark in the first row.

Field	Description
Signature Name	<p>Type the name of the signature to be displayed across the applications.</p> <ul style="list-style-type: none"> Click Browse to open the Import window. Select the desired file and click Open to select the signature file. You can import a .bmp, .jpeg, .jpg, gif., or .png file. The signature image is displayed and the File Name field is automatically populated with the file name. Click Cancel to close the window without selecting a signature file.

Field	Description
Password	<p>Type a password to encrypt the signature file. This password is required for decryption each time you select and use the signature in an application. If you upload a signature file that was previously password encrypted, a pop-up window is displayed prompting you for that password.</p> <ul style="list-style-type: none"> • In the Password field, type the password to decrypt the signature file. • Click OK to upload the signature file. • Click Cancel to return to the Electronic Signatures page. <p>Passwords can be a minimum of one character and a maximum of 16 characters. The following special characters are not allowed: #, %, &</p>

☐ Select **GP** to allow the signature to be used for payment processing in Grants and Projects.

☐ Click **Save**.

Define Grants

The following steps allow fiscal agents to define grants and set up approved grant applications for their member LEAs.

1. [Create member records](#).

Create member records

[Grants and Projects > Tables > SSA Members > Member Information](#)

Add member data to create a member record. Member information records cannot be deleted; however, they can be set to an inactive status.

For privacy purposes, fiscal agents can use the Security Administration application to limit the users who can view this information.

3. (Optional) Set up grant type payment dates.

(Optional) Set up grant type payment dates

[Grants and Projects > Tables > SSA Grants > Payment Dates](#)

Set up a list of cut-off dates and expected payment dates for each grant type. These dates are for informational purposes only. The payment cut-off date is displayed for the grant type in MemberPortal to remind member LEAs of the fiscal agent's cut-off date.

Grant Type	Begin typing a grant type or description. As you type the data, a drop-down list of corresponding data is displayed. Select a grant type. If the grant type or description is not known, click  to select a grant type from the Grant Types lookup or press the Spacebar to view a list of grant types.
-------------------	--

☐ Click **Retrieve**. The payment dates for the grant type are displayed.

☐ Click **+Add** to add a row.

Cut Off Date	Type the grant cut-off date in the MM-DD-YYYY format. Or, select a date from the calendar.
Payment Date	Type the grant payment date in the MM-DD-YYYY format. Or, select a date from the calendar.

☐ Click **Save**.

4. (Optional) Copy payment dates.

(Optional) Copy payment dates

[Grants and Projects > Utilities > Copy Payment Dates](#)

Copy payments dates from one grant type to another. Payment information can be copied from one grant type to multiple grant types.

☐ Under **Copy Pay Dates from Grant Type**, retrieve a grant type from which you want to copy payment dates:

Field	Description
Grant Type	Begin typing a grant type or description. As you type the data, a drop-down list of corresponding data is displayed. Select a grant type. If the grant type or description is not known, click  to select a grant type from the Grant Types lookup or press the SPACEBAR to view a list of grant types.

☐ Click **Retrieve**. The selected grant type is displayed with a list of cut-off dates and payment dates for the grant.

☐ Under **Copy Pay Dates to Grant Type**, select the grant type(s) to which you want to copy pay dates. Only active grant types are displayed.

- Select the **Select All** check box to select all grant type check boxes.
- Select the individual check box for the grant type(s) to which you want to copy data.

- ❑ Click **Execute**. A message is displayed prompting you to continue the process.
 - Click **Yes** to execute the process. Any existing data will be overwritten.
 - Click **No** to cancel the process.

Use the [Grants and Projects > Tables > SSA Grants > Payment Dates](#) tab to verify the changes.

Set up Notice of Grant Award (NOGA)

The following steps allow fiscal agents to track all facets of a NOGA so that member LEAs can be reimbursed appropriately.

1. [Create grant maintenance records.](#)

Create grant maintenance records

[Grants and Projects > Maintenance > Member Grants > Grant Maintenance](#)

Add and maintain various details related to a specified grant year, ID, type, or member (county-district) record. You can manage the grant type that is tied to a **Grant ID** and **Member**.

Fiscal agents can create, save, and submit budget adjustment requests, budget revision requests, and reimbursement requests. Expense accounts must exist in Finance file ID C.

Field	Description
Year	Type a four-digit grant year. This field defaults to the current school year.
Grant ID	<p>Begin typing a grant ID or description. As you type the data, a drop-down list of corresponding data is displayed. Select a grant ID. If the grant ID or description is not known, click <input type="text"/> to select a grant ID from the Grant IDs lookup or press the Spacebar to view a list of grant IDs.</p> <p>The grant ID autosuggest list and the Grant IDs lookup is based on the Year field. For example, if you type 2020 in the Year field and tab to the Grant ID field, only active 2020 grant IDs are displayed in the autosuggest list and in the lookup.</p>

☐ Click **Retrieve**. The grant record is displayed.

If the grant information is not known, click [Directory](#) to perform a search of all grants.

Note: If only the original transaction (first entry) exists, the **Member** (county district) and **Grant Type** fields can be edited. Once budget revision and reimbursement requests are applied to a grant ID/Year, the **Member** (county district) and **Grant Type** fields can no longer be edited.

Add a new grant record:

❑ Click **Add** to add a grant record. You have the option to select an existing year and grant ID for the new grant record using the **Year** and **Grant ID** fields at the top of the page. Or, you can type a new year and grant ID in the **Year** and **Grant ID** fields below the Grant Maintenance tab. If adding a new grant ID, you must enter the same year and grant ID in the **Year** and **Grant ID** fields at the top of the page and under the Grant Maintenance tab.

Year	Type a four-digit grant year. The grant year and ID must be a unique pair.
Grant ID	Type a grant ID. Dashes are allowed. This field can be a maximum of 20-alphanumeric characters. Or, click  to select an existing grant ID from the Grant IDs lookup . The grant year and ID must be a unique pair.

❑ Under **Grant Maintenance**:

☐ Under **Dates:**

Begin Date	Type the grant begin date in the MM-DD-YYYY format. Or, select a date from the calendar.
End Date	Type the grant end date in the MM-DD-YYYY format. Or, select a date from the calendar.

☐ Under **Reserve:**

The following fields can be used to track reserve amounts. For example, if a grant guideline requires the grantee to hold back a portion (percentage or amount) of the grant until the end of the grant. This field is for information purposes only and does not affect grant calculations or totals.

Reserved Percent	Type the reserved percentage amount. Valid values are 0-100.
Reserved Amount	Type the reserved amount. This amount cannot be greater than 999,999,999.99.

☐ Under **Final Report:**

Due Date	Type the final reporting due date for the grant. This date must be after the grant End Date .
Processed Indicator	This check box is display only and is automatically updated after the final transaction is submitted for a Year and Grant ID .

The following information is only displayed for existing records:

☐ Under **Summary:**

Total Award	The original amount of the award plus or minus any revisions that have been approved (posted) is displayed.
Reimbursements	The reimbursement amounts that have been paid are displayed.
Pending Reimbursements	The reimbursement amounts that have been approved but not paid are displayed.
Eligible Remaining	The eligible remaining amount of the award (calculated Total Award - Reimbursements and Pending Reimbursements = Eligible Remaining) is displayed.
Matching Funds	The total amount of matching funds is displayed.

☐ Under **Transactions**, a list of transactions for the selected **Year** and **Grant ID** is displayed. The transaction list is sorted in descending order by date. The status and payment date are updated when a transaction is processed and paid.

TIP: For new grants, no transactions are displayed until you enter the budget data on the Object Maintenance tab and save the record. After the record is saved, the opening (original) entry is posted with the total award amount for all object classes.

If you need to cancel a transaction:

☐ Under **Cancel Trans**, click  to cancel the transaction. A message is displayed confirming that you want to cancel the transaction. The  is only displayed for transactions that can be canceled (i.e., transactions with a Saved, Returned, or Pending status).

- Click **OK** to cancel the transaction.
- Click **Cancel** to return to the Grant Maintenance page without canceling the transaction.

View details for existing transactions:

☐ Under **Detail**, click  to view the corresponding details for the transaction and any documents attached to the transaction (if applicable). You can edit, save, and submit budget adjustment requests, budget revision requests, and reimbursement requests. Depending on the transaction type and status, either the Budget Adjustment Request, Budget Revision Request, or the Reimbursement Request pop-up window opens.

- If the transaction status is *Pending*, *Posted*, or *Submitted*, the details in the pop-up are read-only.
- If the transaction status is *Returned* or *Saved*, only the **Reimbursement Request** and **Matching Funds** fields in the pop-up can be edited depending on your access.

The transaction date and status are displayed.

☐ Review the data, indicate the reimbursement and matching fund amounts (if any), and save or submit the request.

Over Expend Notes:

If changes are made to a reimbursement request (amounts are moved between object classes), the amount must be less than the over expenditure limit. Use the following calculation to find the over expenditure limit for an object class:

$$\text{Over Expenditure limit} = (\text{Total Budget} * (1 + \text{Overexpend \%})) \text{ less } (\text{Reimbursement} + \text{Pending Reimbursement})$$

Example: The **Total Award** for an object class is 5000, the **Over Expend %** is set to 10%, the **Reimbursement** amount is 400 and the **Pending Reimbursement** is 0.

The calculation is: **5100** = (5000 * (1 + 10%)) - (400 + 0)

In this example, the **Reimbursement Request** cannot exceed 5100.

If any of the transaction's object class **Reimbursement Requests** are greater than the **Over Expenditure** limit, a budget revision is needed.

Object	Displays a list of the six predefined object classes for each year and grant ID: 61XX, 62XX, 63XX, 64XX, 65XX, and 66XX.
Total Award	Displays the total award amount for the corresponding object class, which includes the original amount of the award plus or minus any revisions that have been approved (posted).
Reimbursements	Displays the reimbursement amounts that have been paid.
Pending Reimbursements	Displays the pending reimbursement amounts that have been approved but not paid.
Eligible Remaining	Displays the eligible remaining amount of the award (calculated Total Award - Reimbursements and Pending Reimbursements = Eligible Remaining).
Reimbursement Request	Type the amount of the reimbursement request. This field can only be edited if the transaction Type is <i>Periodic</i> and the Status is <i>Saved</i> . Otherwise, the field is disabled. A reimbursement is used to create a transaction to reimburse a member LEA's vendor using an amount that is equal to or less than the amount available in a grant's eligible remaining amount not to exceed the over expenditure percentage amount, if applicable.

Matching Funds	<p>Type the total amount of matching funds. This field can only be edited if the transaction Type is <i>Periodic</i> and the Status is <i>Saved</i> or when adding a new request. Otherwise, the field is disabled.</p> <p>This field can be used when a grantee is required to “match” the grant in some way from other sources and it has to be reported back to the granting agency. This is a way for the fiscal agent to collect that information for reporting. This field is for <u>information purposes only</u> and does not affect grant calculations or totals.</p>
Total	Displays the totals for each column.
Final Report	<p>Select to indicate that the reimbursement request will be the last transaction for the Year and Grant ID. After the final transaction is submitted for a grant year and ID, no other requests can be submitted, the transaction type is changed to <i>Final</i>, and the Processed Indicator is automatically selected.</p> <ul style="list-style-type: none"> • Pending Periodic transactions that were submitted before or with the request with the Final Report Indicator selected will be allowed to be processed. • Any pending or returned Periodic transactions that have not been submitted will not be allowed to be submitted for approval.

Field	Description
Year	Type a four-digit grant year.
Grant ID	<p>Begin typing a grant ID or description. As you type the data, a drop-down list of corresponding data is displayed. Select a grant ID. If the grant ID or description is not known, click  to select a grant ID from the Grant IDs lookup or press the SPACEBAR to view a list of grant IDs.</p> <p>The grant ID list in the autosuggest and the Grant IDs lookup is based on the Year field. For example, if you type 2020 in the Year field and tab to the Grant ID field, only active 2020 grant IDs are displayed.</p>

☐ Click **Retrieve**. The grant record is displayed.

If the grant information is not known, click [Directory](#) to perform a search of all grants.

Notes:

- If you retrieved an existing record, only the **Over Expend %** field can be edited. All other fields are display-only.
- If you are adding a new record, only the **Total Award** and **Over Expend %** fields can be edited. All other fields are display-only.

The **Year**, **Grant ID**, and **Member** fields are populated for the selected **Grant ID**. Or, if adding a new record, only the **Year** field is populated.

Object	A list of the six predefined object classes for each year and grant ID is displayed: 61XX, 62XX, 63XX, 64XX, 65XX, and 66XX.
---------------	--

☐ Complete the applicable fields for each object class:

Total Award	Type the total award amount (original amount of the award plus or minus any approved (posted) budget revisions).
Reimbursements	Displays the reimbursement amounts that have been paid.
Pending Reimbursements	Displays the pending reimbursement amounts that have been approved but not paid.
Eligible Remaining	Displays the eligible remaining amount of the award (calculated Total Award - Reimbursements and Pending Reimbursements = Eligible Remaining) is displayed.
Matching Funds	Displays the total amount of matching funds.
Over Expend %	<p>Type the maximum percentage allowed for expenditures over the originally indicated amount of the grant. Valid values are 0-999%.</p> <p>Over Expend Notes: If changes are made to a reimbursement request (amounts are moved between object classes), the amount must be less than the over expenditure limit. Use the following calculation to find the over expenditure limit for an object class: Over Expenditure limit = (Total Budget * (1 + Overexpend %)) less (Reimbursement + Pending Reimbursement)</p> <p>Example: The Total Award for an object class is 5000, the Over Expend % is set to 10%, the Reimbursement amount is 400 and the Pending Reimbursement is 0. The calculation is: 5100 = (5000 * (1 + 10%)) - (400 + 0) In this example, the Reimbursement Request cannot exceed 5100. If any of the transaction's object class Reimbursement Requests are greater than the Over Expenditure limit, a budget revision is needed.</p>

☐ Click **Save**. The changes made on this tab and the Grant Maintenance tab are saved. The total award amount for all object classes is posted as the opening (original) entry for the grant ID under **Transactions** on the Grant Maintenance tab.

3. [Approval emails](#).

Approval emails

When a grant request is submitted, it is sent through the appropriate approval path and an email is generated to the approver to notify them of the pending request. If it is a direct request (i.e., the originator is the final approver) and no one else is in the approval path, an email is not generated.

Approvers will receive the following workflow emails:

- Approved email notifications are generated for fully approved grant requests.
- Returned email notifications are generated for returned grant requests.
- Pending approval email notifications are generated for submitted/pending grant requests.

Set up & Manage Users

The following steps allow fiscal agents to create and manage Grants and Projects and MemberPortal user accounts.

1. Create and maintain user accounts.

Create and maintain user profiles

[Grants and Projects > Tables > Manage Users](#)

This page is used to manage user accounts in Grants and Projects and MemberPortal. In order for users to have the appropriate access to a grant, user profiles must be completed by linking the user to a specific member and grant type, and assigning the level of access the user has to a grant type. Fiscal agents can use this page to add, change, and delete user accounts in both Grants and Projects and MemberPortal.

Member users can create an account via MemberPortal; however, they will not have access to any grant information until the fiscal agent or MemberPortal admin user completes their user profile.

The screenshot shows the 'Manage Users' interface. At the top, there are buttons for 'Save' and 'Add User'. Below is a search section with fields for 'First Name', 'Last Name', and 'Member', along with 'Admin' and 'Include Inactive' checkboxes. The 'Results' section displays a table with columns: Delete, Detail, First Name, Last Name, Member, and Status.

Delete	Detail	First Name	Last Name	Member	Status
		Lisa	Moore		Active
		Liz	Moreno	654321 : ASCENDER Academy	Active

Callouts indicate that a blank 'Member' field represents an 'Incomplete user profile', while a populated field represents a 'Complete user profile'.

TIP: It is recommended that fiscal agents create at least one MemberPortal user with admin permission for each member LEA. Admin users will have access to a Manage Users page in MemberPortal where they can perform all of these same tasks for users within their member LEA.

If the user created an account in MemberPortal, the user's information is displayed in the list of results. However, you will notice that the **Member** column is blank since their user profile has not been completed. At this point, the user does not have access to view any grant

information in MemberPortal.

☐ Click  to open the User detail pop-up window and enter the applicable data to complete the user's MemberPortal profile. The user's **First Name**, **Last Name**, **E-mail**, and **User Name** fields are automatically populated.

Add a record:

☐ Click **Add User** to open the User detail pop-up window and enter the applicable data to add a new user and complete the user's profile.

When creating a new MemberPortal user or resetting a user's password, the change password date is set to 01/01/2000, which requires the user to change their password upon logging on to MemberPortal.

☐ Under **User**:

First Name	Type the user's first name. This field can be a maximum of 50 characters.
Last Name	Type the user's last name. This field can be a maximum of 50 characters.

☐ In the **Phone** fields:

Area Cd	Type the three-digit area code of the phone number.
Phone Nbr	Type the seven-digit phone number.
Ext	Type the four-digit extension number if any.

Member	Begin typing a member name or six-digit county district number. As you type the data, a drop-down list of corresponding data is displayed. Select a member. If the member name or county district number is not known, click  to select a member from the Member lookup or press the SPACEBAR to view a list of members.
Admin	Select to indicate that the user is an admin user. Users designated as Admin users will be able to manage users for their assigned member in MemberPortal.
Status	Click  to select the user's status (<i>A - Active</i> or <i>I - Inactive</i>).
E-mail	Type the user's email address. The field can be a maximum of 250 characters.
E-mail Opt-Out	Select to indicate that this user is opted out of receiving emails.
User Name	Type a 6-25 character user name. (No embedded spaces are allowed.)

Password	<p>Type a new password. If the user initiated the account profile via MemberPortal, this field is populated with an encoded and masked version of the user's password to secure their credentials. Fiscal agents or admin users can update user passwords as needed.</p> <p>Requirements:</p> <ul style="list-style-type: none"> • 8-46 alphanumeric characters • Three of the following: uppercase, lowercase, numeric, and special characters • Case-sensitive
-----------------	---

☐ Under **Grant Types**:

Grant Type	Begin typing the grant type or description. As you type the data, a drop-down list of corresponding data is displayed. Select a grant. If the grant type or description is not known, click  to select a grant from the Grant Types lookup or press the SPACEBAR to view a list of grant types.
Accessibility	<p>Click  to select the user's level of access to the corresponding grant type.</p> <ul style="list-style-type: none"> • All • Inquire Only • Enter and Save Data • Submit Reimbursement Request • Submit Budget Revision Request <p>Note: If a user only has access to enter and save requests, they can only update their requests.</p>

☐ Click **+Add** to add additional rows.

☐ Click **Save**. Otherwise, click **Cancel** to return to the Manage Users page without adding data.

Reports

The following reports are available:

- **GP1000 - Grant Summary Status Report** - This report provides a summary of grant status information.
- **GP1100 - Grant Payment Transaction Report** - This report provides a list of grant payment transactions.
- **GP1200 - Past Final Date Without Final Report** - This report provides a list of grant years and IDs that have a Final Report Due Date without a reimbursement transaction designated as the final reimbursement for the grant year and grant ID before the date entered in the **Effective Date (MMDDYYYY)** report parameter.

After fiscal agents have completed the above setup process in Grants and Projects, MemberPortal users and fiscal agents can begin submitting grant requests. The fiscal agent (on behalf of the member) can submit grant requests on the Grant Maintenance page in Grants and Projects. Users can submit grant requests via the Budget Revision Request and Reimbursement Request pages in MemberPortal.
