Historical Depreciation Schedule Inquiry - BAM4100

Asset Management > Depreciation > Historical Depreciation Schedule Inquiry

This page is used to display the yearly depreciation calculations and to view the account distributions for each year. For data to be displayed, an item must have a book record. If the item depreciation was calculated, the middle grid is populated. The bottom grid is only populated if the item had an established distribution for the selected depreciation year selected in the middle grid.

To perform a historical depreciation schedule inquiry:

Field	Description
Item Nbr	Type the item number, if known. If the item number is not known, click Directory.

❑ Click **Retrieve**. The selected item is displayed.

Other functions and features:

	Delete a row. Click to delete a row. The row is shaded red to indicate that it will be deleted when the record is saved.

Note: The Retrieve button is also used to retrieve information from the last save. If you click Retrieve, any unsaved changes will be lost.

Select another row in the middle grid to view the depreciation calculations and the account distributions for another year.

Type a new number in the Item Nbr field to review the historical depreciation for another item number.

Click to close the page.
