## **Bank Reconciliation > Tables > Reconciliation Layout > Layout**

This tab is used to design the bank reconciliation layout template that displays the reconciliation summary information.

A list of the category descriptions with the operator type from the Categories tab is displayed. If **Inactive** is selected for any category on the Categories tab, the category description is not displayed on this tab.

### **Set the reconciliation layout:**

Field	Description
<b>Reconciliation Layout Type</b>	Click ▼ to select the number of columns to be included in the layout.

The drag and drop feature is available on this tab. You can change the category order in a column by hovering over a category until the category box color turns a darker blue, and the mouse type changes to four arrows. Hold down the left mouse button and drag and drop the category to the desired location in the column.

Click **Save**.
