## Budget > Tables > Account Codes > Organization

This tab is used to establish and manage the three-digit numeric code that is used to identify each campus and administrative organization (e.g., high school, middle school, elementary school, superintendent's office, tax office, data processing, etc.). The organization code portion of an account number must exist in the organization code table before an account number can be entered in the Budget application.

**Note:** The list of organizations also reflects deduction codes added from the payroll deduction code table. These deduction organizations will apply to fund 863 only. For example, if a district has an organization code of 001, which is a high school campus and has a deduction code in Human Resources as 001 for additional federal withholdings, the high school campus name will default in the **Organization Description** field.
