# Delete Funds - BUD7300

## **Budget > Utilities > Delete Funds**

This page is used to delete all accounts for specific funds in the Budget master table. This function saves you from having to delete each account individually. A report of the deleted and not deleted funds is automatically generated.

All budget accounts are deleted for each of the funds selected, except:

- If there are any requisitions that have not become a purchase order and the attached account codes for the line items match the selected funds, the selected funds are not deleted, and an error message is displayed on the report.
- If there is an account code that is attached to a purchase order encumbrance transaction that matches the selected funds and the encumbrance transaction has not been reversed, the selected funds are not deleted, and an error message is displayed on the report.

### **Delete funds:**

**NOTES:**

- When moving next year requisitions to current year, the general journal **JV Number Description** automatically populates with REQ plus the requisition number.
- When moving next year requisitions to current year, the **Reason** automatically populates with the purchase order reason for those purchase orders that have already become purchase orders.
- Requisitions will not be processed if the **Current (Open) Accounting Period** and the **Requisition Accounting Period** fields are the same, and **Current Accounting Period Close** is selected on the District Finance Options page.
- Requisitions are not processed if end-of-month closing is being processed.
