# Accounting Periods

## Finance > Tables > District Finance Options > Accounting Periods

The following accounting periods are displayed: current (open), next, Purchasing, and Accounts Receivable.

- The **Current (Open) Accounting Period** field is the period not yet closed. After running end-of-month processing, the current period is incremented by one. This feature prevents anyone from posting back to the closed period.
- When you log on to the Finance application, the value in the **Current (Open) Accounting Period** field is used as the default accounting period for posting.
- You cannot switch accounting periods (i.e., current or next) unless you have security access to do so. If the period is set to blank, no one can post any transactions.

The following receiving options selected on the Options > Purchasing Options page in District Administration determine how information is displayed as well as if certain requisition items can be received on this page.

- If **Use Blind Receiving** is selected, order quantities are not shown on this page.
- If **Allow Partial Receiving** is not selected, only complete requisition items can be received.
- If **Allow Receiving Overage** is not selected, only the original item quantity ordered or less can be received.
