Finance > Tables > Travel > Locations

This tab is used to maintain a list of predefined travel locations to be used for employee travel reimbursement requests.

These locations are displayed in the Location look-up displayed when you click the **Locations** link on the EmployeePortal > Travel Reimbursements page. This is an optional method for maintaining a list of locations.

Retrieve a record:

Field	Description
Start Location ID	Type the starting location ID from which you want to retrieve.
Location Name	Type the starting location name from which you want to retrieve.

❑ Click **Retrieve**. A list of location IDs or names equal to and greater than the entered data is displayed.

Add a record:

❑ Click **+Add** to add a row.

Location ID	Type a unique user-defined location ID. This field can be a maximum of twenty alphanumeric characters. This is a required field.
Location Name	Type a user-defined location name. This field can be a maximum of thirty-five alphanumeric characters. This is a required field.
Address	Type the street number and name for the location. This field can be a maximum of 35 characters.
