Import Finance Tables - FIN7100

Finance > Utilities > Import Finance Tables

This utility is used to import finance tables that were previously exported. When importing finance tables, ensure the file ID of the archived file is the same as that of the logged-on file ID.

Note: Finance and payroll files that were previously exported during payroll processing or the interface of payroll to finance must be imported separately into both the Finance and Human Resources applications using the Import option for that program.

Import finance tables:

Field	Description
Import Path	<p>The following is displayed: (none selected). Click Browse to perform one of the following functions.</p> <p>Click Open to select the file name, or click Cancel to close the dialog box without processing.</p> <p>Click Submit to accept the import file name and return to the Import Budget Tables page.
