

Copy level - Budget level processing

Table of Contents

[Budget > Utilities > Budget Level Processing > Copy Level](#)

After the Budget is approved, the **Next Year Approved** column must be populated before the accounts and amounts can be moved to Finance.

This utility is used to copy amounts from one budget level to another budget level. All amounts currently in the **From Level** are copied to the **To Level**. This feature enables the user to view and process from different levels. The cutoff date validates against the To level; it does not validate against the From level. The ability to perform this function is not dependent on being authorized to access to the Requested, Recommended, and Approved tabs.
