

Software Version

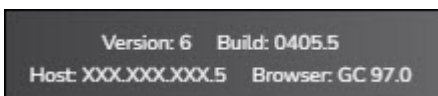

Table of Contents

After logging on to the TxEIS System, there are several basic navigation terms and functions for the web applications.

TxEIS Software Version

The following information is displayed at the top of each application page.

Field	Description
Version	Displays the TxEIS software version.
Build	Displays the TxEIS software build number.
User	Displays the logged-on user name.
Host	Displays the software server host information.
Browser	Displays the browser and version details (e.g., Google Chrome Version 65.0).
