Check Processing Checklist 1

Check Processing Checklist

The check processing checklist is provided to help users accurately process district checks and maintain the business records.

This checklist assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

- | |
|---|
| <input type="checkbox"/> 1. Review the following Finance reports to ensure accuracy of proposed check transactions.

Finance > Reports > Finance Reports > Journals, Checks, Detail Ledgers > FIN1300 - Check Payments List

Finance > Reports > Finance Reports > Vendor/Purchase Order Reports > FIN2150 - Outstanding Purchase Orders

Finance > Reports > Finance Reports > Vendor/Purchase Order Reports > FIN2300 - Outstanding Credit Memo Listing |
| <input type="checkbox"/> 2. Correct report listings:

Review and identify all transactions that will be processed as well as those not to be processed at this time. Return to the source pages to enter changes and run reports again. Repeat the process until the reports reflect all the transactions the district wants to process. |
| <input type="checkbox"/> 3. Finance > Utilities > Export Finance Tables

Export the database. |
| <input type="checkbox"/> 4. Finance > Maintenance > Check Processing > Print Checks

Print checks and post to the general ledger. |
| <input type="checkbox"/> 5. Print the following Finance reports to ensure accuracy of check transactions that were processed.

Finance > Reports > Finance Reports > Journals, Checks, Detail Ledgers > FIN1250 - Check Register

Finance > Reports > Finance Reports > Journals, Checks, Detail Ledgers > FIN1300 - Check Payments List

Compare the fund transfer summary totals to the Check Payments List and the Check Register totals to ensure all reports are in balance. |
