# Table of Contents

This tab is used to copy all tables or selected tables as next year records for the corresponding next year frequency (e.g., CYR = 6, NYR = F; CYR = 5, NYR = E; and CYR = 4, NYR = D). The tables are copied from all current year frequencies to all next year frequencies (except the School Calendar table). The School Calendar table header is only copied for the frequency to which you are logged on. To copy the school calendar for another frequency, log on to the other frequency and copy the School Calendar table. The calendar itself is not copied, only the calendar code and calendar description. Type the year in the **Start Year** field and the beginning month in the **Start Month** field to begin the process of building the next year calendar.
