Click ▼ to select a deduction code.

Note: If a 457 deduction refund is necessary, the deduction code associated with the D2 type deduction should be used so that a flat amount can be refunded. If a D1 type deduction is used, the system will not use the amount entered but calculates the amount based on the salary being paid. If you do not have a D2 type deduction, go to Tables, Tax/Deductions, Deduction Cd tab to establish a D2 type deduction, and then select that type of deduction on this tab.
