# Document Attachments

The Document Attachments feature allows you to upload and view documents by application, school year, folder, and document type. **This feature is not available in all districts.**

If you are logged on as a user assigned to a Document Attachments-enabled role, the **Documents** button is displayed on various pages in the TxEIS Business system. If a document is attached, the **Documents** button displays a note icon.

If you have full access, you can upload and download files. If you have read-only access, you can download existing files, but you cannot upload files. Some pages contain read-only files.

If you are logged on with a role that does *not* have security access to Document Attachments, the **Documents** button is *not* displayed on any pages.
