## Generate the HRS3550 Report

[Human Resources](#) > [Reports](#) > [Year To Date Reports](#) > [School YTD Accrual Payroll Account Distr](#)

After the estimate from the Excel file (step 3) and the HRS3050 report (step 4) match, generate the HRS3550 report using the following parameters:

Parameter	Description
<b>School Year (YYYY)</b>	20XX
<b>Summary (S) or Detail (D) information for employees, or Fund Recap (R) only</b>	R - Print only the totals for each fund/fiscal year on the report.
<b>Print Acct Codes with zero accrual amounts? (Y/N)</b>	Y - Include account codes with zero accrual amounts on the report.
<b>Include report of variances between School YTD and Distribution History? (Y/N)</b>	Y - Include a report of the variances between the school year-to-date amounts and the distribution history.
<b>Print Acct Codes not in General Ledger? (Y/N)</b>	Y - Include account codes that are not in the general ledger.
