Log on to file ID C.

Verify that the data is accurate for the new fiscal year and update the fields as needed.

Under **Finance Options**, ensure that the following fields reflect data for the new school year:

- **Current Finance Fiscal Year**
- **Previous Year File ID**
- **School Year** and **Starting Accounting Period** - These fields should be automatically updated after the Fiscal Year Close utility is processed. The starting accounting period should be either 07 for June year-end LEAs or 09 for August year-end LEAs.

IMPORTANT: If the **School Year** and **Starting Accounting Period** fields were not automatically updated, contact your regional ESC consultant for further assistance.

While on this page, you can also update your next available numbers under **Finance**, **Purchasing**, and **BAR** if you choose to.

- **It is recommended** that you incorporate the year in the next available number sequences. In this example, for fiscal year 2025-2026, 6 is the second digit in the next available numbers.
- **Do not** update the **Next Available Vendor Number** as this number should remain in the same sequence from the prior year(s).

Notes:

- If applicable, update the **Student Activity Fund/Year** field.
- If your LEA has started using the revenue and expenditure codes for the Student Activity Fund, then this section should be blank.
