Mass update all account codes assigned to specific years. The fund/year does not need to exist on the [Finance > Tables > Account Codes > Fund](#) tab. If the fund/year exists in the table, but the **Fund Description** field is blank, or if the fund/year does not exist in the table, the following message is displayed in the **To Fund/Yr Description** field: "Fund/Yr does not exist in Finance." The process will run correctly regardless of this message.
