(If necessary) Mass update employee experience

Personnel > Utilities > Mass Update > Employee

Note: This process is typically not performed until before the start of your September payroll. You must verify that service records have already been run before proceeding. If you delay this process, ensure that employee experience is updated for each applicable group.

If necessary, increment the years of total professional and non-professional experience, and the years of district professional and non-professional experience for employees with July contracts.

Additionally, you can use this page to increment the prior years of teaching experience for those individuals in a teaching role. The **Prior Teaching Experience** is the total number of years that an individual has previously held a teaching position in one or more education institutions. This information collected during the PEIMS Core Collection: Class Roster.

- This process must be completed prior to the PEIMS fall submission.
- The Commissioner's Rules on Creditable Years of Service, Title 19, Texas Administrative Code (TAC) §153.1021, serve as a baseline for minimum requirements when determining an individual's years of experience.
- The **Prof Experience Yrs** and **Non-Prof Experience Yrs** should be incremented in separate instances.

Prior Teaching Experience:

Use the **Job Code** field to select specific job codes where the prior teaching experience should be updated.

The employees who match the selected parameters and the selected job codes will have their prior teaching experience updated. If an employee has multiple jobs included in the job code selection, their employment record is only updated once.
