## Copy NYR tables to CYR

Complete this step only for employees with July contracts who receive their first paycheck in July. This process will be repeated in August for employees with August contracts (i.e., those who receive their first paycheck in August).

**Log on to the next year payroll frequency.**

[Payroll > Next Year > Copy NYR Tables to CYR](#)

Copy all necessary tables.

**CAUTION:** If you copied any tables prior to this step, be sure to exclude those tables at this time to avoid overwriting any necessary data such as previously made manual changes.

The screenshot shows a web interface titled 'COPY NEXT YEAR TABLES'. At the top, there is a breadcrumb trail 'Next Year > Copy NYR Tables to CYR' and a 'Payroll' menu. A 'Year: N' dropdown is visible on the right. The main area contains a table with the following rows:

Table Name	Input Field	Checkmark	More Options
Accrual Calendar	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
Extra Duty Pay	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
Hourly / Daily Salary	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
Job Code	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
Local Annual Salary	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
Midpoint Salary	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
School Calendar	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
State Minimum Salary	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
Substitute Salary	<input type="text"/>	<input checked="" type="checkbox"/>	⋮
Workers' Compensation Rates	<input type="text"/>	<input checked="" type="checkbox"/>	⋮

On the right side of the table, there are two buttons: 'Execute' and 'Select All Tables'.

- Click **Select All Tables** to select all of the tables.

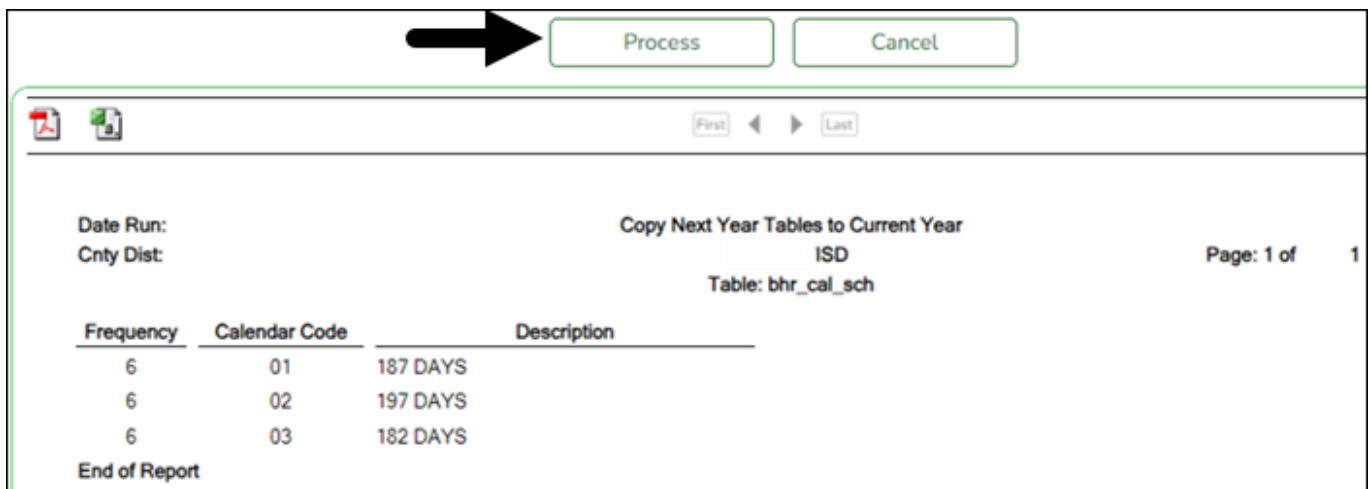

OR

- Select  next to the table(s) you want to include.
- Select  again to unselect a table.

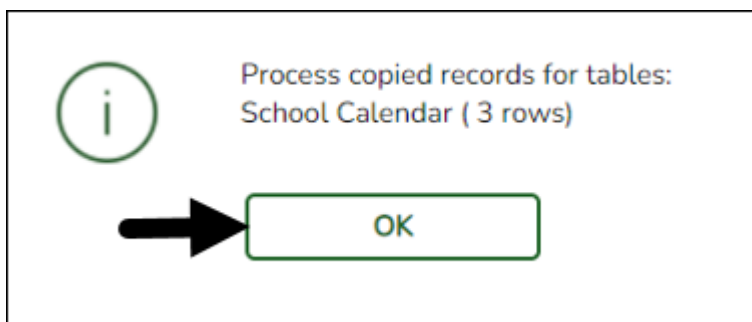

Click  for the **School Calendar**, **Extra Duty Pay**, and **Job Code** fields to open a pop-up window containing the corresponding tables. Select the applicable tables and click **OK** to populate the selected tables in the applicable fields.

**Note:** If you receive a database access error referencing your Summer School Calendar, click **OK**. This error is generated when a Summer School Calendar exists in the current year payroll frequency but does not exist in the next year payroll frequency. Select the tables you previously selected again, but in this instance, select the individual School Calendars to be copied.

Click **Execute**. Only the selected tables are processed. As the reports are generated, click **Process** for each table. [Review the reports](#).

A message is displayed with the table names and the number of rows that were copied. Click **OK**.

Review the process report to verify that all applicable calendars, extra duty pay, and job codes were copied to the current year payroll frequency. **It is recommended** that you log on to **Personnel > Tables > Workday Calendars** to verify this information. If the calendars were not copied over correctly, you may have to individually copy the calendars.

**Note:** When copying the school calendar table from next year to the current year, the calendar code, description, and days are copied. If a calendar code exists in the next year and current year, the next year data replaces the entire calendar contents for the current year for the

specified calendar code.
