

## irisprocessingbody

## Table of Contents

Before using this utility, the Connection tab must be completed with the proper IRS credentials.

This utility is used to select vendors to be included in the 1099 information file, create the selected 1099 .xml file, and transmit and process 1099-NEC and 1099-MISC information returns to IRIS via the Application to Application (A2A) method.

For additional information, refer to the E-file information returns with IRIS webpage:

<https://www.irs.gov/filing/e-file-information-returns-with-iris>

## Process IRIS return:

Under **Calendar Year**, this field populates the from year (e.g., 2025-2026 = 2025) in the **School Year** field on the [Finance > Tables > District Finance Options > Finance Options](#) tab and must exist in District Administration > Tables > District Information. The calendar must be great than or equal to 2025.

Under **Submission Type**, select the form type to be submitted:

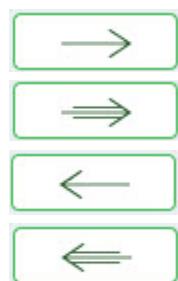

- **1099-NEC**
- **1099-MISC**

Click **Retrieve**. A list of vendors meeting the criteria is displayed in the grid on the left side of the page.

Field	Description
<b>Status</b>	Displays the vendor status from the <a href="#">Finance &gt; Maintenance &gt; Vendor Information &gt; Vendor Name/Address</a> page.
<b>Vendor Nbr</b>	Displays the vendor number from the <a href="#">Finance &gt; Maintenance &gt; Vendor Information &gt; Vendor Name/Address</a> page.
<b>Vendor Sort Key</b>	Displays the vendor sort key from the <a href="#">Finance &gt; Maintenance &gt; Vendor Information &gt; Vendor Name/Address</a> page.
<b>Vendor Name</b>	Displays the vendor name from the <a href="#">Finance &gt; Maintenance &gt; Vendor Information &gt; Vendor Name/Address</a> page.

Select the vendors to include in IRIS processing.

Use the following buttons to move the selected vendors to the right side of the page.

- Click to move selected entries from the left side to the right side of the page.
- Click to move all entries from the left side to the right side of the page.
- Click to move selected entries from the right side to the left side of the page.
- Click to move all entries from the right side to the left side of the page.

Click **Execute**.

- The .xml file is generated automatically by the program as part of the internal process.
- The IRIS file submission cannot exceed the 100 MB size limit. If it does, reduce the number of vendors selected for processing to meet the submission requirements.
- If the file is Accepted, the *IRIS Submission Successful* message is displayed at the bottom of the page.
- If the file is Rejected, the **Error** button is displayed at the top of the page and an Error pop-up message is displayed indicating an error occurred. In addition, two files are automatically downloaded to the browser.
  - The .xml file that was created to send to IRIS. (**Example file:** IRSTAX\_NE\_20260113094015.xml)
  - The .xml response file that contains the errors that occurred during submission to IRIS. The response file includes the line numbers that correspond to the line number in the submission .xml file. (**Example file:** IRSTAX\_NE\_RESPONSE\_20260113094015\_2025-68318816669-2ab9e6747.xml)

## Other functions and features:

<b>Retrieve</b>	The <b>Retrieve</b> button is also used to retrieve information from the last save. If you click <b>Retrieve</b> , any unsaved changes are lost.
