

midpoint_salaries_basis_salary_change

Table of Contents

Click ▼ to select one of the following options:

C - Use position hrly/dly rate - Select to base the percentage on the midpoint. This option is used by LEAs that follow a midpoint schedule. Select to calculate the percentage increase for midpoints on the actual existing rate. This option is used by LEAs that are using a midpoint schedule in place of putting employees on a salary schedule.

T - Use Simulation Mid Inc/Dec Amt - Select to calculate the percentage increase for midpoints on the actual existing rate. This option is used by LEAs that are using a midpoint schedule in place of putting employees on a salary schedule.

This is a required field.
