Execute Select All Tables

In the **School Calendar** field, select only the 10-month employee calendars.

**TIP:** The calendar code is displayed in the first pay date code on the simulation (e.g., J40 includes calendar code 40)

Click **Execute**.

**Note:** If changes were made to any of the next year payroll tables (extra duty pay, hourly/daily salary, job code, local annual salary, etc.), copy the tables from the next year payroll to the current year payroll.
