Table of Contents

Other functions and features:

Retrieve	The Retrieve button is also used to retrieve information from the last save. If you click Retrieve , any unsaved changes are lost.
Errors	The Errors button is displayed at the top of the page if any errors are encountered. In addition, the tab name is displayed in red to indicate the tab on which the error occurred, and a TRS Processing pop-up window is displayed with a list of the encountered error(s). Click X to close the pop-up window and correct the errors.
	Click to delete a row. The row is shaded red to indicate that it will be deleted when the record is saved. Click Save .
