

## Update next year salary tables

# Table of Contents

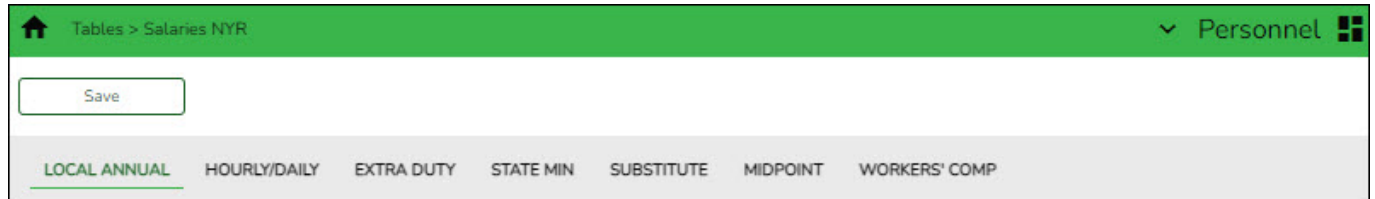

# Update next year salary tables

## Personnel > Tables > Salaries NYR

Update the following next year salary tables to reflect any changes to the salary schedules (anticipated or known).

These tables are not shared between the current year and next year records.

### [Personnel > Tables > Salaries NYR > Local Annual](#)

This tab is the most commonly used. You can make mass updates by percent or dollar amount, or by employee. To see a change before saving the record, enter the change and click **Default**. The original annual amount is displayed in the **Annual Amt** column, the percent or dollar is increased, and the **New Amount** is displayed. Click **Save**. If decreasing a salary, enter a negative percent or dollar amount.

On the [Personnel > Tables > Job/Contract > Job Codes](#) tab, this salary concept can be attached to the applicable job(s). When the job is selected on the Job Info tab, the system populates the **Base Annual** field automatically in the **Daily Rate** section on that page and can calculate the daily rate based on the number of days employed. In addition, when the Mass Update Salary Calculations feature is used, the system uses this table to extract the correct salary information, perform calculations, and populate many fields on the Job Info tab.
