[Finance > Tables > Travel > Locations](#)

Define a list of travel locations. These locations can be used on the [Finance > Tables > Travel > Distances](#) tab to predefine a list of distances between to/from travel locations. If the Location Locking feature is enabled on the [Finance > Tables > District Finance Options 2](#) page, the **Origin** (starting location) and **Destination** (ending location) fields on travel requests will be locked and employees will need to use the Locations link to select from the predefined list of locations from the Distances tab.
