

## System Alerts

# Table of Contents

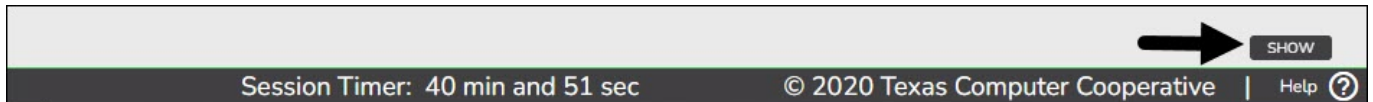

## System Alerts

At the bottom of each page, there is an orange message line that displays any system alerts.

Click **Hide** to hide the message line.

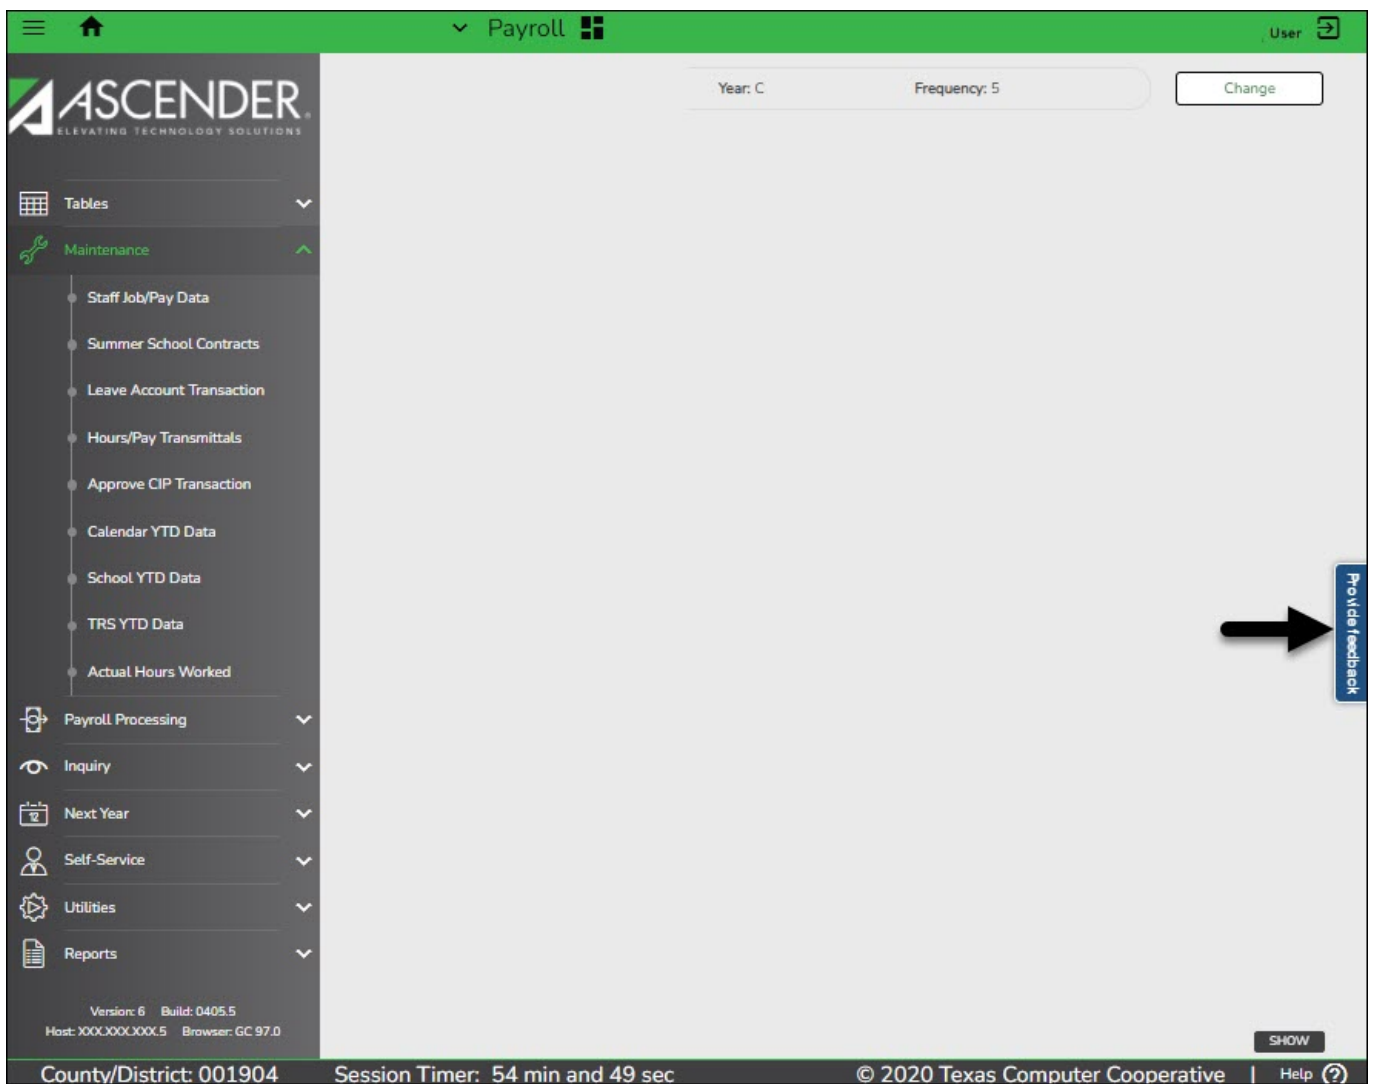

Click **Show** to show the message line.

## Provide Feedback

On the right side of each page, there is a blue **Provide Feedback** button. This functionality allows you to submit feedback about the system, which is forwarded to the TCC Product Teams.

Click **Provide Feedback** to open the We value your feedback pop-up window. Complete the

applicable fields and click **Submit**. Otherwise, click **Close** to close the window without submitting feedback.

## We value your feedback

 Name and email is not required; however, completion of the User Role is greatly appreciated.
