Per TRS, each employee must have actual hours worked or hours scheduled reported.

Under **TRS Extract Options**, indicate which hours to report for each listed pay type (pay type 1 - contracted, pay type 2 - non-contracted, pay type 3 - hourly).

**Notes:**

The ER20 always extracts the actual hours for retired employees.

If *S - Scheduled Hours* is selected for pay type 1 (contracted) and 2 (non-contracted) jobs, then the hours are reported based on the assigned calendar. The TRS workday calendar is used for employees who do not have an assigned calendar.

Substitutes are paid as contracted and as needed. Since they are not district employees, they are not subject to TRS. TRS requires the actual hours worked for substitutes.
