Position Management > Maintenance > PMIS Position Modify or PMIS Supplement Modify

If necessary, use one of the following options to vacate an employee from a position:

- Option 1: (Best Practice)** Use the [Position Management > Utilities > Vacate Employee from Forecast Positions](#) page to vacate a position.

Typically, when an employee decides to leave the LEA at the end of the year, the employee is paid off in payroll at the end of their contract; therefore, no additional action is necessary for the current year. However, in the forecast records, the employee must be removed from all existing positions.
