[Human Resources > Reports > User Created Reports > PMIS Report](#)

Generate a PMIS User Created Report to verify that the **Increase Eligible** field is selected for applicable positions. It is possible that the field is not selected for new LEA employees from last year.

For 10- and 11-month employees, it is recommended to verify the **Nbr Remain Payments** field prior to calculating salaries.

Select the following fields on the user-created report:

- **Position Nbr**
- **Billet Nbr**
- **Position Type**
- **First Name**
- **Last Name**
- **Increase Elig**
- **Nbr Remain Payments**

On the generated report, use the sort/filter functionality to group the applicable data.

If necessary, use the [Human Resources > Maintenance > PMIS Position Modify > Position Record](#) tab to update the employee record.

Clear this field for new employees who are not entitled to an increase. Remember that the step in

next year PMIS reflects the same pay step that is reflected in the current year.
