**Human Resources > Tables > Credential > Major/Minor**

This tab is used to maintain two-character codes for college degrees as well as a description of the codes. The information on this table can then be used to populate the Credentials tab on the Staff Demo page with applicable education data for an employee. Maintaining this information will assist in identifying those staff members that may have the college degree or hours to teach or serve in an area that is critical to the district. This data can then be extracted using the HRS1400 - Employee Education Report.
